PRIVATE SALE OF DEBTOR SELLER’S PORTION OF THE ADSERVER BUSINESS  
FREE AND CLEAR OF ALL LIENS, CLAIMS, ENCUMBRANCES, AND OTHER  
INTERESTS, AND GRANTING RELATED RELIEF**

Sizmek Inc. and certain of its affiliates, the debtors and debtors in possession in the above-captioned cases (collectively, “Debtors”) hereby move (the “Sale Motion”)<sup>2</sup> this Court pursuant to

<sup>1</sup> Debtors in these chapter 11 cases, along with the last four digits of each Debtor’s federal tax identification number, include: Sizmek Inc. (4624); Sizmek DSP, Inc. (2319); Point Roll, Inc. (3173); Sizmek Technologies, Inc. (6402); Wireless Artist LLC (0302); Wireless Developer, Inc. (9686); X Plus One Solutions, Inc. (8106); and X Plus Two Solutions, LLC (4914). The location of Debtors’ service address for purposes of these chapter 11 cases is: 401 Park Avenue South, Fifth Floor, New York, NY 10016.

<sup>2</sup> A detailed description of Debtors and their businesses, and the facts and circumstances supporting Debtors’ chapter 11 cases, are set forth in in the *Declaration of Sascha Wittler, Chief Financial Officer of Sizmek Inc., (I) in Support of Chapter 11 Petitions and First Day Pleadings, and (II) Pursuant to Local Rule 1007-2* [Dkt. 13], filed on April 2, 2019, and the *Supplemental Declaration of Sascha Wittler, Chief Financial Officer of Sizmek Inc., (I) in Support of Chapter 11 Petitions and First Day Pleadings, and (II) Pursuant to Local Rule 1007-2* [Dkt. 58], filed on April 9, 2019 (together, the “First Day Declaration”).

Sections 105, 363, and 365 of Title 11 of the United States Code (the “Bankruptcy Code”), Rules 2002, 6004, 6006, 9007, and 9014 of the Federal Rules of Bankruptcy Procedure (the “Bankruptcy Rules”), and Rules 6004-1 and 6006-1 of the Local Rules (the “Local Bankruptcy Rules”) for the United States Bankruptcy Court for the Southern District of New York (the “Bankruptcy Court”) for entry of an order (the “Sale Order”), substantially in the form attached as Exhibit A, authorizing and approving, (i) Debtor Seller’s (as defined below) entry into the Asset Purchase Agreement,<sup>3</sup> attached to the Sale Order as Exhibit 1; (ii) authorizing Debtor Seller’s potential payment of a break-up fee to the Buyer, under certain conditions set forth in the APA; and (iii) the sale of Debtor Seller’s portion of the Purchased Assets (defined in the Asset Purchase Agreement) (Debtor Seller’s portion of the Purchased Assets the, “Debtor Seller’s Purchased Assets”) free and clear of all claims, including claims of successor liability charge, lien (statutory or otherwise), mortgage, lease, hypothecation, encumbrance, pledge, security interest, option, rights of use, right of first offer, right of first refusal, easement, servitude, restrictive covenant, encroachment, license and other restriction and interest (collectively, the “Encumbrances”). Such Encumbrances will attach to the proceeds received by Debtors from such sale with the same validity, extent, and priority as had attached to Debtor Seller’s Purchased Assets immediately prior to the sale.

Notably, as set forth in detail below Debtor Seller and Non-Debtor Sellers (as defined below) are selling their assets in the Sale Transaction (defined below). *Debtors are not seeking approvals or authority for the sale of the Non-Debtor Sellers’ assets pursuant to the APA.*

In support of the Sale Motion, Debtors rely upon and incorporate by reference the First Day Declaration, as well as the Declaration of Glenn Tobias in Support of the Sale Motion (the

“FTI Declaration”), filed herewith. In further support of the Sale Motion, Debtors, by their undersigned counsel, respectfully represent:

### **JURISDICTION AND VENUE**

1. This Court has jurisdiction to consider this Sale Motion under 28 U.S.C. §§ 157 and 1334. This is a core proceeding under 28 U.S.C. § 157(b). Venue of these cases and this Sale Motion in this district is proper under 28 U.S.C. §§ 1408 and 1409.

2. The relief requested herein is proper under Bankruptcy Code Sections 105, 363, and 365, Bankruptcy Rules 2002, 6004, 6006, 9007, and 9014, Local Bankruptcy Rules 6004-1 and 6006-1, and the Guidelines for the Conduct of Assets Sales promulgated by General Order M-383 of the Bankruptcy Court (the “Sale Guidelines”).

### **BACKGROUND**

3. Sizmek Inc., together with its Debtor and non-Debtor affiliates (“Sizmek”), is a leading online advertising campaign management and distribution platform for advertisers, media agencies, and publishers. As of the Petition Date (defined below), Debtors and their non-Debtor affiliates, had approximately 1,114 employees worldwide. Debtors and their non-Debtor affiliates assist their clients with engaging a broad consumer audience in 19 countries across multiple online media channels by facilitating the implementation of targeted, data-driven advertising strategies that encompass all of the technology and intelligence necessary to execute effective global advertisement campaigns. Debtors are headquartered in New York, New York, with operations and assets in the United States and abroad. As of the Petition Date, Debtors had approximately \$172 million of funded indebtedness.

#### **A. The Chapter 11 Cases**

4. On March 29, 2019, (the “Petition Date”) each of Debtors filed a voluntary petition for relief (the “Chapter 11 Cases”) under chapter 11 of the Bankruptcy Code. Debtors continue to

operate their businesses and manage their properties as debtors in possession pursuant to Sections 1107(a) and 1108.<sup>4</sup> On April 17, 2019, the Office of the United States Trustee for the Southern District of New York (the “U.S. Trustee”) appointed an official committee of unsecured creditors (“Committee”) in these Chapter 11 Cases. Additional information regarding Debtors’ business, their capital structure, and the circumstances leading to these chapter 11 filings is contained in the First Day Declaration.

### **B. The AdServer Business**

5. Debtors’ creative business consists of an internet advertising delivery service (“AdServer”) that helps website publishers generate advertising income and provides consumers free access to content. Through the AdServer, Debtors and their affiliates globally serve and track approximately 3 billion digital advertisements per day for approximately 1,500 advertisers in 30 countries, including many well-known Fortune 500 companies (and their international equivalents).

6. The AdServer business is made up of two principal types of assets: intellectual property and customer contracts. The vast majority of the intellectual property assets are owned by Sizmek Technologies, Ltd., the Debtors’ non-debtor subsidiary organized under the laws of Israel. The customer contracts are owned both by Debtors, and Debtors’ non-debtor affiliates. The AdServer intellectual property represents the “know-how” and related technology of importing advertisements onto webpages. The customer contracts are the agreements by which the AdServer business provides services to its clients. The employees dedicated to the AdServer business include Debtor employees and non-debtor employees alike. The majority of the assets related to the AdServer are owned by Sizmek Technologies, Ltd. and its direct and indirect

subsidiaries. Sizmek Technologies, Ltd. is a non-debtor subsidiary of Sizmek Technologies, Inc., organized under the laws of Israel. For the avoidance of doubt, Debtors are not seeking Bankruptcy Court approvals or authority for the sale of Non-Debtor Sellers' assets.

7. Appreciating their challenging financial condition and the tight timeline for the sale of AdServer, Debtors, after consultation with their advisors, have determined that a private sale of the AdServer to the Buyer is reasonable, necessary and in the best interests of Debtors and their estates, given the circumstances of these Chapter 11 Cases.

### **C. The Sellers**

8. The proposed sale of the Purchased Assets contemplated by the APA (the "Sale Transaction") contemplates the sale of certain assets of Sizmek Technologies, Inc. ("Debtor Seller"). The other Sellers consist of Sizmek Technologies, Ltd. ("Sizmek Israel"), a company organized under the laws of Israel, and Sizmek Technologies, Ltd ("Sizmek UK"), a company organized under the laws of England and Wales, neither of which is a Debtor ("Non-Debtor Sellers" and, together with Debtor Seller, the "Sellers"). *See* APA, Preamble.

### **D. Debtors' Marketing and Sales Efforts**

9. The best path forward is a sale of Debtors' businesses. Prior to the Petition Date, on March 21, 2019, Debtors engaged FTI Capital Advisors, LLC ("FTICA"), and FTICA agreed to serve as Debtors investment banker, and FTI Consulting, Inc. ("FTI Consulting," and, together with FTICA, "FTI"), as financial advisor.

10. Since being engaged, FTI's professionals have worked closely with Debtors' management, employees and other advisors to assist Debtors with, among other things, contacting prospective buyers, presentations to prospective buyers, and participating in negotiations among Debtors and prospective buyers to help facilitate a going concern sale of Debtors' assets.

11. Debtors' efforts were successful with respect to Debtors' Demand Side Platform ("DSP") and Data Management Platform ("DMP") businesses, which were sold through a private sale approved by this Court on April 29, 2019 pursuant to the *Order Authorizing and Approving Private Sale of the Demand-Side Platform and the Data Management Platform Free and Clear of All Liens, Claims, Encumbrances, and Other Interests, and Granting Related Relief* [Dkt. 143].

12. FTI, with the support of Debtors' management and other advisors, is leading the sale process for substantially all of Debtors' remaining assets, which comprise Debtors' AdServer and Peer39 businesses (the "Sale Process"). Due to the concern regarding the diminishing value of the DSP, FTI accelerated its efforts to sell the DSP/DMP as a standalone business as quickly as possible, but continued its efforts to market and sell the AdServer and Peer39 businesses, running a concurrent marketing and sale process.

13. Immediately after being engaged on March 21, 2019, FTI began work on a sale process, creating a data room, contacting potentially interested parties and fielding dozens of inbound inquiries. FTI also sent sale process letters to more than seventy (70) interested parties, in which indicated that Debtors would accept bids for any of the individual business segments or all of them.

14. FTI has spoken to dozens of interested parties, which resulted in over forty-one (41) of those parties executing NDAs with Debtors, as of April 18, 2019, to conduct further diligence (the "Interested Parties"). The data room was available to the Interested Parties beginning on March 31, 2019 and over fifty-five (55) parties have been granted access to the data room. At least a dozen of these parties indicated they were primarily interested in the AdServer business.

15. Debtors received six (6) initial offers for AdServer by the initial April 12, 2019 bid deadline FTI set in the process letter. Since receiving these initial purchase offers, FTI and

Debtors' management have participated in extensive diligence sessions and negotiations with the parties who submitted letters of interest. Indeed, until very recently, when Debtors decided to focus on completing a transaction with the Buyer, Debtors and their advisors had been working with three parties, each of which was actively engaged in bidding for the Purchased Assets. These parties engaged in many rounds of robust bidding over the course of several weeks. After Debtors were satisfied that they had negotiated the best deal possible, Debtors determined that it was in the best interest of their estates and their constituents to proceed forward with Buyer and work towards executing a mutually-agreeable transaction.

16. As a result of these efforts, on May 31, 2019, Debtors entered into the Asset Purchase Agreement with Amazon.com, Inc. The Asset Purchase Agreement embodies the highest and best offer Debtors have received for the Purchased Assets, after numerous rounds of negotiations with potential bidders.

17. A successful going concern sale of the Purchased Assets will preserve the jobs of hundreds of employees that depend on the continued operation of AdServer and will maximize the value of the Purchased Assets for the benefits of Debtors' stakeholders.

18. Time is of the essence. While there was substantial interest from parties with respect to purchasing the Purchased Assets, Debtors face serious challenges, including the potential loss of access to cash collateral, if the AdServer must be sold through a lengthier sale process. Moreover, given the robust sales and marketing process that has occurred to date, and the fact that the majority of the Purchased Assets are outside the jurisdiction of the Bankruptcy Court, a lengthier court-supervised process is not necessary or advisable under the circumstances.

19. Additionally, prompt consummation of the Sale Transaction will preserve as many jobs as possible – this is central to value maximization in these cases. The longer the assets

languish in the chapter 11 process, the more value erodes as the likelihood of valuable employees resigning grows.

20. Thus, the Sale Transaction meets Debtors' twin goals of a prompt sale that ensures maximum value.

### **RELIEF REQUESTED**

21. By this Sale Motion, Debtors seek entry of the Sale Order approving the sale of Debtor Seller's Purchased Assets, the assumption and assignment of certain of Debtor Seller's executory contracts and unexpired leases, and granting related relief.

22. For the reasons below, the relief requested herein is in the best interest of Debtor Seller's, its estates, creditors, stakeholders, and other parties in interest, and therefore, should be granted.

### **BASIS FOR RELIEF**

#### **A. Sound Business Purpose**

23. Debtors have a sound business justification for consummating the Sale Transaction. Debtors seek to maximize the value of their estates for the benefit of their creditors and other stakeholders. To that end, Debtors have secured an offer from the Buyer for the Purchased Assets.

24. Specifically, the total sale price contemplated by the APA is approximately \$30 million, which will be allocated between Debtor Seller and Non-Debtor Sellers as follows: (1) \$12,266,000 to Debtor Seller; (2) \$3,447,000 to Sizmek UK; and (3) \$14,288,000 to Sizmek Israel.

#### **B. Summary of Certain Terms of the APA**

25. After arm's-length negotiations, the Sellers and the Buyer executed the APA. The APA was negotiated, proposed, and entered into by the Sellers and the Buyer without collusion, in good faith, and from arm's-length bargaining positions. The Sellers, the Buyer, and all other relevant parties were represented by practical and experienced advisors and attorneys.

26. A summary of the principal terms of the APA is as follows:<sup>5</sup>

- **Purchase Price and Sale of Purchased Assets.** The Purchase Price totals \$30 million, to be paid in cash, less the Outstanding Accrued Employee Liabilities.
- **Sellers.** Sizmek Technologies, Inc., a Delaware corporation; Sizmek Technologies, Ltd., an Israeli company; and Sizmek Technologies, Ltd, a company incorporated in England and Wales.
- **Purchased Assets.** As more fully described in the APA, the Purchased Assets include: (1) all equipment, machinery or other tangible personal property used or held for use in connection with the Business; (2) the Assumed Contracts; (3) all necessary permits; (4) all intellectual property and intellectual property rights (including all software and documentation) which relate to, or are used or held for use, in connection with, the Business; (5) all prepaid items and expenses related to the Business or the Purchased Assets; (6) all books and records including customer or client lists, files, documentation, records and the related documentation related to the Business, the Purchased Assets or Assumed Liabilities; (7) all claims, indemnities, warranties, guarantees, refunds, causes of action, rights of recovery, rights of set-off and rights of recoupment of every kind and nature (whether or not known or unknown or contingent or non-contingent) related to the Business, the Purchased Assets or the Assumed Liabilities; (8) all deposits and prepayments held by third parties pursuant to any Assumed Contract; and (9) all other assets, properties, and rights used in the Business that are not Excluded Assets. The Purchased Assets do not include the Sellers Accounts Receivable. *See* APA, § 2.1.

### C. Extraordinary Provisions Under the Sale Guidelines

27. The proposed Sale Order and the APA contain the following items that may be considered Extraordinary Provisions under the Sale Guidelines:<sup>6</sup>

- **Private Sale/No Competitive Bidding:** The sale of the Purchased Assets pursuant to the APA does not contemplate an auction or other further competitive bidding process. As described below and in the FTI Declaration, an expedited sale of the Purchased Assets to the Buyer provides the best

---

<sup>5</sup> This summary is qualified in its entirety by reference to the provisions of the APA. In the event of inconsistencies between the provisions of the APA and this summary, the terms of the APA shall govern. Capitalized terms used in this Section B of the Sale Motion and not otherwise defined shall have the meanings given them in the APA.

<sup>6</sup> The following list of possible Extraordinary Provisions, as defined in the Sale Guidelines, is not an admission that any of these items are unusual relief in a sale of significant assets of a large chapter 11 debtor pursuant to Section 363. Inapplicable Extraordinary Provisions have not been included in the following list. This summary of Extraordinary Provisions is qualified in its entirety by reference to the provisions of the APA. In the event of inconsistencies between the provisions of the APA and this summary, the terms of the APA shall govern. Capitalized terms used in this Section C of the Sale Motion and not otherwise defined shall have the meanings given them in the APA.

opportunity to maximize value, particularly given the marketing process. The delay resulting from an auction or further bidding process would result in significant value degradation and the failure to achieve a higher or better offer for the Purchased Assets from any other potential purchaser, and the likely loss of Buyer's offer.

- **Purchase Price Adjustments:** The Purchase Price shall be reduced by the aggregate amount of the Outstanding Accrued Employee Liabilities. *See* APA, § 3.1(b).
- **Deadlines that Effectively Limit Notice:** The Sale Transaction may be terminated if the Bankruptcy Court has not entered an order approving the Sale Motion on or before June 20, 2019, or if the Closing shall not have occurred on or before July 1, 2019. *See* APA, § 11.2(e).
- **Interim Arrangements with Proposed Buyer:** The Buyer and the Sellers agree to use their commercially reasonable efforts to enter into a transition services agreement to facilitate the smooth transition of the Purchased Assets to the Buyer. Sellers shall provide to Buyer, and Buyer shall provide to Seller, certain transition services as mutually agreed upon by Sellers and Buyer on or prior to Closing for a period of up to sixteen (16) weeks (which period may be extended by Buyer with respect to a particular service or services with the Sellers' consent (not to be unreasonably withheld); provided that, with respect to services in Serbia, a period longer than 16 weeks shall be agreed). The services provided under the transition services agreement shall include services relating to human resources (including continuing to employ and facilitating the transfer of any Transferred Employees who cannot be transferred immediately at the Closing), payroll, finance (including maintaining the existence of the Business Entities and their respective bank accounts as of the date hereof), tax and treasury, technology infrastructure and applications (including with respect to Peer 39 add-ons to ad server capabilities), facilities, and customer and vendor contracts, and other services required to manage and operate the Business as presently conducted (including subcontracting and other arrangements contemplated by Section 2.4(b)), as well as related support services (taking into account the limited nature of the Sellers' operations and the limited employees they expect to have after the Closing and after the sale of the Peer 39 Business) (provided that, with respect to the Serbia office of Sellers, such services shall include office operations, retention of office space and employment of employees, until such operations and employees can be transferred to Purchaser or a third party at Purchaser's direction), with such services being provided at a level at least equivalent to those currently provided by, or with respect to, the Business immediately prior to entry into the APA Agreement (taking into account the limited nature of the Sellers' operations and the limited employees they expect to have after the Closing and after the sale of the Peer 39 Business), and such services shall be provided for a fee equal to one hundred and ten percent (110%) of cost to Sellers. *See* APA, § 8.17.

- **Use of Proceeds:** The Sale Order provides that, in connection with the closing of the Sale Transaction, the Debtors are authorized and directed to pay directly to Cerberus Business Finance, LLC (“Cerberus”), as administrative agent and collateral agent for certain revolver and term loan lenders (the “Senior Lenders” and, together with Cerberus, the “Secured Parties”) under that certain Financing Agreement, dated as of September 6, 2017 (as subsequently amended from time to time, the “Financing Agreement”), a portion of the amount payable to the Debtor Seller by the Buyer at closing (whether in the form of cash or otherwise) (the “Direct Cerberus Payments”) to be agreed by Debtors and Cerberus. The Direct Cerberus Payments include, without limitation, proceeds of the Sale Transaction attributable to the Debtor Seller’s Purchased Assets and certain proceeds that, pursuant to the APA, will be paid to the Debtor Sellers on account of Sizmek Israel’s obligations under that certain Amended and Restated Promissory Note dated October 27, 2016 (the “Intercompany Note”). The Sale Order further provides that Cerberus is authorized to apply the Direct Cerberus Payments to satisfy amounts owed to the Secured Parties under the Financing Agreement in accordance with the terms and conditions thereof. In furtherance of the foregoing, the Sale Order also provides for the assignment of the Debtors’ rights under the Intercompany Note to Cerberus. The Sale Order makes clear, however, that the authority for Cerberus to receive and apply the Direct Cerberus Payments and the assignment of the Intercompany Note under the Sale Order will not restrict the relief that might be sought by any party in interest against the Secured Parties pursuant to the terms and conditions of the *Interim Order (I) Authorizing the Debtors to Use Cash Collateral Pursuant to 11 U.S.C. § 363, and (II) Granting Adequate Protection Pursuant to 11 U.S.C. §§ 361, 362, 363, and 507, and Scheduling a Final Hearing Pursuant to Bankruptcy Rule 4001(b)* [Docket No. 37] or any successor order thereto (such order as may be in effect at a given time, the “Cash Collateral Order”), as to which possible relief the rights of all parties (including the Secured Parties) are fully reserved. See Sale Order ¶ 36.
- **Bid Protections:** In the event that the Bankruptcy Court enters an order approving an sale of the Purchased Assets to a party other than Buyer either (i) prior to the termination of the APA, (ii) within thirty (30) days after the termination of the APA by Buyer pursuant to APA Section 11.2(b) or (iii) within ninety (90) days after the termination of the APA by Sellers or Buyer pursuant to APA Section 11.2(d) then no later than the closing of the sale of any Purchased Assets to a third party, Sellers, jointly and severally, shall be obligated to pay to Buyer from the proceeds of such sale a breakup fee of \$900,000. See APA, § 8.15(a)(ii).
- **Deposit:** If the Closing does not occur, then the Deposit shall be disbursed as follows: (i) in the event of a termination of this Agreement by Sellers pursuant to Section 11.2(c), the Deposit shall be released to Sellers (or their designee(s)) as liquidated damages; and (ii) in the event of a termination of this Agreement for any other reason, the Deposit shall be returned to Buyer. See APA, § 3.2.

- **Record Retention:** Neither Buyer nor Sellers shall dispose of any business records and files relating to any Purchased Asset for a period of six years (and, in the case of Sizmek Israeli, seven years) following the Closing Date. Each Party shall also allow the other Parties reasonable access to such files and records for reasonable business purposes, including purposes related to the Chapter 11 Cases. *See* APA, § 8.5.
- **Requested Findings as to Successor Liability:** Debtors seek findings that the Buyer is not a successor to Sellers or their estates and the Sale does not amount to a consolidation, merger or de facto merger of the Buyer and Sellers. *See* Sale Order ¶ M.
- **Requested Findings as to Fraudulent Conveyance:** The proposed Sale Order requests findings that none of Sellers or the Buyer has entered into the APA or proposes to consummate the Sale, for the purpose of hindering, delaying, or defrauding the Sellers' present or future creditors or otherwise in violation of applicable fraudulent conveyance and fraudulent transfer laws. *See* Sale Order ¶ K, L.
- **Relief from Bankruptcy Rule 6004(h), 6006(d), and 6006(f) and relief under 6006(e):** Debtors seek relief from the fourteen-day stay imposed by Bankruptcy Rule 6004(h) and 6006(d) and relief from the requirement of 6006(f) that a motion to assume multiple executory contracts or unexpired leases that are not between the same parties be limited to no more than 100 executory contracts or unexpired leases (to the extent this provision is implicated). Moreover, Debtors seek authority to proceed under 6006(e)(3), such that this Court authorizes the Sale Motion to apply to multiple contracts.
- **Agreements with Management:** Certain of the Sellers' key employees and management have discussed employment opportunities with the Buyer, and, in some cases, have received offers of employment from the Buyer, subject to Closing. While several of the employees discussed below were not involved in Debtors' decision to sell the Purchased Assets, Debtors disclose their current interests in the Sale Transaction out of an abundance of caution, as follows:
  - a. **Mark Grether:** Mark Grether is currently employed by Debtors as Chief Executive Officer. He also sits on the Board of Directors of each Debtor and approved the transaction contemplated by the Sale Motion and the APA. Mr. Grether has received an employment offer from Buyer. Mr. Grether has accepted the employment offer at this time.
  - b. **Markus Plattner:** Markus Plattner is currently the Chief Technology Officer of Sizmek. Though he is not employed by Debtors, he is a key officer of the enterprise. Mr. Plattner has received an employment offer from Buyer. Mr. Plattner has accepted the employment offer at this time.

- c. Sascha Wittler: Sascha Wittler is currently employed by the Debtors as Chief Financial Officer. Mr. Wittler has received an employment offer from Buyer. Mr. Wittler has accepted the employment offer at this time.
- d. Dr. Volker Hatz: Dr. Volker Hatz is currently the Chief Data Officer of Sizmek. Though he is not employed by Debtors, he is a key officer of the enterprise. Dr. Hatz has received an employment offer from Buyer. Dr. Hatz has accepted the employment offer at this time.

The Sale Transaction contemplated by this Sale Motion and the APA was also approved by a director of the Debtors, Tom Smith, who, though a representative of Sizmek's largest equity interest holder, is not interested in the proposed Sale Transaction. The Buyer has not discussed, and will not be extending, an employment offer to Mr. Smith, and the Sale Transaction will not result in the transfer of proceeds to the Debtors' equity interestholders.

#### **APPLICABLE AUTHORITY**

28. The Section 363(b) standard for sales outside of the ordinary course of a debtor's business is met here. Section 363(b) provides, in relevant part: "The trustee, after notice and a hearing, may use, sell, or lease, other than in the ordinary course of business, property of the estate." 11 U.S.C. § 363(b)(1). This Court's power under Section 363 is supplemented by Section 105(a), which provides in relevant part: "The Court may issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of this title." 11 U.S.C. § 105(a). As set forth below, Debtors have satisfied the requirements of Sections 105, 363, and 365 as those Sections have been construed by courts in the Second Circuit.

#### **A. Approval of the Sale Transaction Is Warranted under Section 363(b) Because a Sound Business Reason Exists for the Sale Transaction.**

29. Bankruptcy Rule 6004(f)(1) explicitly permits a debtor to enter into transactions outside of the ordinary course of business through private sales. As discussed above, the sale to the Buyer provides Debtors with the best opportunity to maximize the sale price of the Purchased Assets and prevent a significant risk to going concern value associated with delay. Courts in this

District have approved private sales in accordance with General Order M-383 where the benefit of the private sale outweighs the delay and expense of conducting a public auction that would not result in additional value to the estate. *See In re SunEdison, Inc.*, Case No. 16-10992 (SMB) (Bankr. S.D.N.Y. Aug. 16, 2016) [Dkt. 1002]; *In re Hawker Beechcraft, Inc.*, Case No. 12-11873 (SMB) (Bankr. S.D.N.Y. Nov. 29, 2012) [Dkt. 857] (authorizing private sale under Rule 6004(f)(1) where public auction's substantial additional costs would result in no additional value to the estate); *In re Dewey & Leboeuf LLP*, Case No. 12-12321 (MG) (Bankr. S.D.N.Y. Nov. 1, 2012) [Dkt. 608] (finding good business reason to sell assets pursuant to private sale where public sale would be more costly); *In re Chemtura Corp.*, Case No. 09-11233 (REG) (Bankr. S.D.N.Y. July 23, 2010) [Dkt. 3366] (approving private sale of debtor's business); *In re Sonix Med. Res. Inc.*, Case No. 09-77781 (DTE) (Bankr. E.D.N.Y. March 19, 2010) [Dkt. 287] (authorizing private sale of debtors' assets and approving asset purchase agreement as best opportunity to avoid substantial risk that asset values would deteriorate if sale was not consummated); *see also Palermo v. Pritam Realty, Inc. (In re Pritam Realty, Inc.)*, 233 B.R. 619 (D.P.R. 1999) (upholding bankruptcy court order approving private sale by debtor).<sup>7</sup> Completing the sale of the Purchased Assets to the Buyer pursuant to the APA is: (i) an exercise of Debtors' sound business judgment; (ii) permitted by the Bankruptcy Code and Bankruptcy Rules; and (iii) in the best interests of Debtors' estates and creditors.

30. The use, sale, or lease of property of the estate, other than in the ordinary course of business, is authorized when there is an "articulated business justification" for the action to be taken. *See Fulton State Bank v. Schipper (In re Schipper)*, 933 F.2d 513, 515 (7th Cir. 1991)

---

<sup>7</sup> Due to the voluminous nature of the orders cited herein, they are not attached to this Sale Motion. Copies of these orders, however, are available on request.

(citation omitted). When a valid business justification exists, the law vests the debtor's decision to use property out of the ordinary course of business with a strong presumption that "in making a business decision the directors of a corporation acted on an informed basis, in good faith and in the honest belief that the action taken was in the best interests of the company." See *Official Comm. of Subordinated Bondholders v. Integrated Res., Inc. (In re Integrated Res., Inc.)*, 147 B.R. 650, 656 (S.D.N.Y. 1992) (citation omitted).

31. Furthermore, Section 363(b) applies to private sales consummated in the absence of competitive bidding. See, e.g., *In re Wieboldt Stores, Inc.*, 92 B.R. 309, 312 (N.D. Ill. 1988) ("Section 363(b) is not limited to sales involving competitive bidding. Bankruptcy Rule 6004, which sets forth procedures for Section 363(b) transfers, expressly provides for private sales."). In this District, General Order M-383 requires a debtor moving to sell assets in the absence of an auction (or not otherwise seeking higher or better offers) to explain why such sale is likely to maximize the sale price. Amended Guidelines for the Conduct of Asset Sales, General Order M-383, 1.D.3 ("General Order M-383").

32. Debtors' business justification for entering into the Sale Transaction is clear. Debtors and their advisors participated in arms-length negotiations with the Buyer in the forming of the APA and the Sale Transaction. The sale price is fair and reasonable under the circumstances. Moreover, both Debtors and the Buyer were represented by practical and experienced advisors and attorneys in negotiating the APA. Accordingly, it is a valid exercise of Debtors' business judgment to seek the relief requested by this Sale Motion.

#### **B. The Bid Protections Should Be Approved.**

33. Bankruptcy Courts have approved protections similar to the Bid Protections under the "business judgment rule," and such arrangements are presumptively valid provided: (i) the debtors' decision to agree to a break-up fee is not tainted by bad faith or self-dealing; (ii) the break-

up fee does not hamper bidding; and (iii) the amount of the break-up fee is reasonable. *See Official Comm. Of Subordinated Bondholders v. Integrated Res., Inc. (In re Integrated Res., Inc.)*, 147 B.R. 650, 656-57 (S.D.N.Y. 1992), appeal dismissed, 3 F.3d 49 (2d Cir. 1993). Specifically, such provisions (i) attract or retain a potentially successful bid; (ii) establish a bid standard or minimum for other bidders to follow; and (iii) attract additional bidders. *Id.* at 662.

34. The Bid Protections are reasonable in relation to the size of the proposed Sale and under the facts of this transaction. The break-up fee is \$900,000 (the “Break-Up Fee”) or 3% of the Purchase Price. The Break-Up Fee obligation is joint and several among the Sellers, but will be paid by the Sellers in the same percentages as the allocation of the Purchase Price. Because approximately 40.8% of the Purchase Price is allocated to the Debtor Seller, the Debtor Seller’s prorated share is approximately \$367,200 of the Break-Up Fee.

35. The Bid Protections do not hamper any other party’s ability to offer a higher or better bid for the Purchased Assets. Given the size of the Bid Protections relative to the total amount of consideration provided for the Purchased Assets, the Bid Protections are not so large as to have a “chilling effect” on other prospective bidders’ interest in the Purchased Assets.

36. Furthermore, because the timely sale of the Purchased Assets is necessary to preserve the value, the Bid Protections constitute an actual and necessary cost and expense of preserving Debtors’ estates. Accordingly, the Bid Protections are appropriate.

**C. The Proposed Sale Transaction Satisfies the Requirements of Section 363(f) for a Sale Free and Clear**

37. Section 363(f) permits a debtor to sell property free and clear of another party’s interest in the property if: (a) applicable non-bankruptcy law permits such a free and clear sale; (b) the holder of the interest consents; (c) the interest is a lien and the sale price of the property exceeds the value of all liens on the property; (d) the interest is in bona fide dispute; or (e) the

holder of the interest could be compelled in a legal or equitable proceeding to accept a monetary satisfaction of its interest. *See* 11 U.S.C. § 363(f). Satisfying any of Section 363(f)'s five requirements warrants approval of the proposed sale. *See Scherer v. Fed. Nat'l Mortg. Ass'n (In re Terrace Chalet Apartments, Ltd.)*, 159 B.R. 821, 825 (N.D. Ill. 1993) (sale extinguishes liens under Section 363(f) as long as one specified exception applies).

38. The sale of Debtor Seller's Purchased Assets to the Buyer pursuant to the APA is appropriate under Section 363(f). If a lien holder does not object to the proposed Sale Transaction, that entity should be deemed to have consented to the Sale Transaction, thereby satisfying Section 363(f)(2). Any entity holding Encumbrances on Debtor Seller's Purchased Assets, including counsel for Cerberus, will receive notice of this Sale Motion and the Sale Hearing. Accordingly, all parties in interest may object to the relief requested herein – failure to do so is consent. *See Futuresource LLC v. Reuters Ltd.*, 312 F.3d 281, 285-86 (7th Cir. 2002) (“It is true that the Bankruptcy Code limits the conditions under which an interest can be extinguished by a bankruptcy sale, but one of those conditions is the consent of the interest holder, and lack of objection (provided of course there is notice) counts as consent. It could not be otherwise; transaction costs would be prohibitive if everyone who might have an interest in the bankrupt's assets had to execute a formal consent before they could be sold.” (internal citations omitted)).

39. Further, any party with an interest in Debtor Seller's Purchased Assets pursuant to this Sale Motion shall have a corresponding security interest in the proceeds of the Sale Transaction received by Debtors (subject to Debtors' claims, defenses and objections with respect to the amount, validity, or priority of each such interest). *See MacArthur Co. v. Johns-Manville Corp.*, 837 F.2d 89, 94 (2d Cir. 1988) (“It has long been recognized that when a debtor's assets are disposed of free and clear of third-party interests, the third party is adequately protected if his

interest is assertable against the proceeds of the disposition.”). Therefore, any lien holders are adequately protected and could be compelled to accept a monetary satisfaction of their interest. As such, the requirements of Section 363(f) would be satisfied for a sale of Debtor Seller’s Purchased Assets free and clear of all Encumbrances.

40. Similarly, it is appropriate to sell Debtor Seller’s Purchased Assets free and clear of successor liability relating to Debtor Seller’s businesses and Purchased Assets. Such limitations on successor liability ensure that the Buyer is protected from any claims or lawsuits against the Buyer as a successor in interest to one or more of Debtors’ estates, or any subsidiaries of Debtors. If such relief is not granted, the purpose of an order purporting to authorize the transfer of assets free and clear of Encumbrances would be frustrated by the potential for claimants to thereafter use the transfer as a basis to assert claims against a purchaser arising from a seller’s pre-sale conduct.

41. A buyer of a debtor’s assets pursuant to a Section 363 sale takes free and clear from successor liability relating to the debtor’s business. *See, e.g., In re Chrysler LLC*, 405 B.R. 84, 111 (Bankr. S.D.N.Y. 2009) (“[I]n personam claims, including any potential state successor or transferee liability claims against New Chrysler, as well as in rem interests, are encompassed by Section 363(f) and are therefore extinguished by the Sale Transaction.”); *Contrarian Funds, LLC v. Westpoint Stevens, Inc. (In re Westpoint Stevens, Inc.)*, 333 B.R. 30, 50 (S.D.N.Y. 2005) (“Where . . . a sale is to be free and clear of existing liens and interests other than those of the estate, one or more of the criteria specified in Section 363(f) of the statute must also be met.”), *rev’d in part on other grounds*, 600 F.3d 231 (2d Cir. 2010).

42. Moreover, this Court’s authority under Section 363 is supplemented by Section 105(a), which provides that “[t]he court may issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of [the Bankruptcy Code].” 11 U.S.C. § 105(a); *see* 2

Collier on Bankr. ¶ 105.01 (Alan N. Resnick & Henry J. Sommer eds., 16th ed. 2016); *see also Croton River Club, Inc. v. Half Moon Bay Homeowners Ass'n (In re Croton River Club, Inc.)*, 52 F.3d 41, 45 (2d Cir. 1995) (holding that bankruptcy courts have broad equity power to manage the affairs of debtors); *Momentum Mfg. Corp. v. Employee Creditors Comm. (In re Momentum Mfg. Corp.)*, 25 F.3d 1132, 1136 (2d Cir. 1994) (“[B]ankruptcy courts are courts of equity, empowered to invoke equitable principles to achieve fairness and justice in the reorganization process.”); *Volvo White Truck Corp. v. Chambersburg Beverage, Inc. (In re White Motor Credit Corp.)*, 75 B.R. 944, 948 (Bankr. N.D. Ohio 1987) (“Authority to conduct such sales [free and clear of claims] is within the court’s equitable powers when necessary to carry out the provisions of Title 11.”).

43. For these reasons, the Court should permit the Sale Transaction free and clear of Encumbrances and successor liability.

**D. The Buyer Is Entitled to the Protections of Section 363(m).**

44. Section 363(m) provides in relevant part that the reversal or modification on appeal of an authorization under Section 363(b) of a sale or lease of property does not affect the validity of such a sale or lease to a purchaser who bought or leased such property in good faith, whether or not such entity knew of the pendency of the appeal, unless such authorization and such sale or lease were stayed pending appeal. *See* 11 U.S.C. § 363(m). “Although the Bankruptcy Code does not define the meaning of ‘good-faith purchaser,’ . . . most courts have adopted a traditional equitable definition: ‘one who purchases the assets for value, in good faith and without notice of adverse claims.’” *Licensing by Paolo, Inc. v. Sinatra (In re Gucci)*, 126 F.3d 380 (2d Cir. 1997) (citation omitted). The Third Circuit has held: “[t]he requirement that a purchaser act in good faith . . . speaks to the integrity of [purchaser’s] conduct in the course of the sale proceedings.” *In re Abbotts Dairies of Pa., Inc.*, 788 F.2d 143, 147 (3d Cir. 1986) (citation omitted). A purchaser’s good faith status involves “‘fraud, collusion between the purchaser and other bidders

or the trustee, or an attempt to take grossly unfair advantage of other bidders.” *Hoese Corp. v. Vetter Corp. (In re Vetter Corp.)*, 724 F.2d 52, 56 (7th Cir. 1983) (quoting *In re Rock Indus. Mach. Corp.*, 572 F.2d 1195, 1198 (7th Cir. 1978) (interpreting Bankruptcy Rule 805, the precursor to Section 363(m))). In addition, Section 363(m) protection applies in the context of private sales. See *In re Wieboldt Stores, Inc.*, 92 B.R. at 312. The sale of Debtor Seller’s Purchased Assets is an arm’s-length transaction entitled to the protections of Section 363(m), negotiated by sophisticated and unrelated parties with their own legal and other advisors.

**E. Assumption and Assignment of Executory Contracts and Unexpired Leases Should Be Authorized**

45. Section 365(a) provides that a debtor in possession “subject to the court’s approval, may assume or reject any executory contract or [unexpired] lease of the debtor.” 11 U.S.C. § 365(a). Approval of a debtor’s decision to assume or reject an executory contract or unexpired lease is appropriate when the debtor’s reasonable business judgment supports assumption or rejection. See, e.g., *Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.)*, 4 F.3d 1095, 1098 (2d Cir. 1993) (noting that Section 365 “permits the trustee or debtor-in-possession, subject to the approval of the bankruptcy court, to go through the inventory of executory contracts of the debtor and decide whether ones it would be beneficial to adhere to and which ones it would be beneficial to reject”).

46. The business judgment test “requires only that the trustee [or debtor in possession] demonstrate that [assumption] or rejection of the contract will benefit the estate.” *Wheeling-Pittsburgh Steel Corp. v. West Penn Power Co., (In re Wheeling-Pittsburgh Steel Corp.)*, 72 B.R. 845, 846 (Bankr. W.D. Pa. 1987). More exacting scrutiny would slow the administration of a debtor’s estate and increase costs, interfere with the Bankruptcy Code’s provision for private control of administration of the estate, and threaten the court’s ability to control a case impartially.

*See Richmond Leasing Co. v. Capital Bank*, 762 F.2d 1303, 1311 (5th Cir. 1985). Moreover, to assume an executory contract, a debtor must “cure, or provide adequate assurance that the debtor will promptly cure,” any default. 11 U.S.C. § 365(b)(1).

47. A debtor may assign a contract it has assumed. 11 U.S.C. § 365(f)(2) (providing that the “trustee may assign an executory contract...only if the trustee assumes such contract...and adequate assurance of future performance is provided.”). “Adequate assurance of future performance” is fact and circumstance dependent. Adequate assurance may be provided by demonstrating the assignee’s financial health and experience in managing the type of enterprise or property assigned. *See, e.g., In re Bygaph, Inc.*, 56 B.R. 596, 605-06 (Bankr. S.D.N.Y. 1986) (finding adequate assurance is present when prospective assignee has financial resources and is willing to devote sufficient funding to business to give it strong likelihood of success).

48. Debtors request approval under Section 365 of Debtors’ assumption and assignment of the Assigned Contracts to which a Debtor is a party to the Buyer or its Buyer Designee. Debtors further request that the Sale Order provide that Debtor Seller’s Assigned Contracts will be transferred to, and remain in full force and effect for the benefit of, the Buyer or its Buyer Designee notwithstanding any provisions prohibiting assignment.

49. Debtors will present facts at the Sale Hearing to show the financial wherewithal, willingness, and ability of the Buyer or the Buyer Designee to perform under the Assigned Contracts.

50. Further, Debtor Seller will give notice to all counterparties to Debtor Seller’s Assigned Contracts (the “Cure Notice”) substantially in the form attached as Exhibit B. This Cure Notice will include the amounts Debtors believe are necessary to cure any defaults in accordance with Section 365(b). Under the APA, the Buyer will pay cure amounts up to a cap of \$1 million,

and the Debtor Sellers will pay any cure amounts in excess of \$1 million. Upon the payment of cure amounts, neither Debtor Seller nor the Buyer shall have any further liabilities to the counterparties to the Assigned Contracts that accrue and become due and payable on or after the Closing Date except as provided in the APA. Upon assuming an Assigned Contract and the payment of any relevant cure amounts, the Buyer shall be deemed substituted for the applicable Debtor Seller as a party to the applicable Assigned Contracts and the applicable Debtor Seller shall be relieved, pursuant to Section 365(k) of any further liability under the Assigned Contracts. A list of Debtor Seller's executory contracts and unexpired leases subject to potential assumption and assignment in connection the sale of Debtor Seller's Purchased Assets and the associated cure costs is attached to the Cure Notice as Exhibit 1.<sup>8</sup>

51. Debtors will provide the Cure Notice to all counterparties to Debtor Seller's Assigned Contracts. The APA provides that the Buyer may remove any contract from the list of Assumed Contracts at any time on or before one (1) business day prior to the Closing. Provided, that the prior written consent of Cerberus and the Sellers shall be required in order to remove any vendor or supplier Contracts from the Schedule of Assumed Contracts if any such Contracts would, reasonably be expected to cause or result in liability to the Sellers (in the form of cure costs, rejection damages, additional accounts payable or otherwise) in excess of \$25,000 per Contract or \$200,000 for all such Contracts. The APA provides that the Buyer may designate additional contracts for assumption up to one (1) day prior to the Closing. A final list of the Assumed Contracts will be filed with the Court prior to the Closing. The Debtors will provide a Cure Notice

---

<sup>8</sup> By this Sale Motion, Debtors request authorization from the Court to have the Sale Motion apply to multiple contracts under Bankruptcy Rule 6006(e) and ask for relief from Bankruptcy Rule 6006(f), to the extent applicable.

to counterparties of such additional Assumed Contracts and the procedures for addressing cure objections shall apply to such contract counterparties.

**F. The Sale of the Purchased Assets Does Not Require the Appointment of a Consumer Privacy Ombudsman.**

52. In connection with the sale of the Purchased Assets pursuant to the APA, Debtors shall be required to abide by their privacy policies in place as of the date of the APA, as such policies may be amended from time to time. Accordingly, no consumer privacy ombudsman need be appointed in connection with the sale under Section 363(b)(1).

**G. Approval of the Direct Cerberus Payments is Appropriate**

53. The Sale Order provides that the Buyer or the Debtors, as applicable, will pay the Direct Cerberus Payments directly to Cerberus and that Cerberus may apply such payments to satisfy amounts owed to the Secured Parties under the Financing Agreement in accordance with the terms and conditions thereof. The Sale Order further provides for the assignment of the Debtors' rights under the Intercompany Note to Cerberus. This relief is appropriate for several reasons. First, the sale proceeds allocable to the Debtor Seller or subsequently transferred to any of the Debtors are proceeds of collateral on which Cerberus has perfected security interests, both as a result of its prepetition liens and on a postpetition basis pursuant to the Cash Collateral Order. *See* Cash Collateral Order ¶¶ 5(a), 6(a) & 7(a). These security interests include, without limitation, a properly perfected pledge of the Intercompany Note. Second, payment of the Direct Cerberus Payments to Cerberus is a precondition to Cerberus' consent to sale of its collateral, without which consent Cerberus contends that the Debtor Seller's Purchased Assets could not be sold on a free-and-clear basis under Bankruptcy Code section 363(f). Third, such payments and application is not prejudicial to the Debtors' estates because (i) the Debtors have other operations that are expected to generate separate cash that will be available for use in accordance with the terms and

conditions of the Cash Collateral Order and (ii) all parties' rights are fully reserved with regard to the remedies that might be sought against the Secured Parties in accordance with the terms and conditions of the Cash Collateral Order.

**H. The Purchase Price Constitutes Reasonably Equivalent Value for the Purchased Assets Transferred.**

54. A debtor receives reasonably equivalent consideration when “the debtor’s net worth has been preserved” following a transfer of its assets. *Harrison v. N.J. Cmty. Bank (In re Jesup & Lamont, Inc.)*, 507 B.R. 452, 472 (Bankr. S.D.N.Y. 2014); *see also Mellon Bank, N.A. v. Metro Commc’ns, Inc.*, 945 F.2d 635, 646-47 (3d Cir. 1991) (“The touchstone is whether the transaction conferred realizable commercial value on the debtor reasonably equivalent to the realizable commercial value of the assets transferred.”). A finding of reasonably equivalent value does not require exact equivalent exchange of consideration; rather, the benefits a debtor receives from the transfer must approximate its costs. *Harrison*, 507 B.R. at 472 (“[I]f [the value received] approximates the value of what the debtor transferred, there will be reasonably equivalent value[.]”). Transactions between a debtor and a third-party on an arm’s length basis are presumptively for reasonably equivalent value. *See Mishkin v. Ensminger (In re Adler, Coleman Clearing Corp.)*, 247 B.R. 51, 109 (Bankr. S.D.N.Y. 1999) (“[W]hen there is an arms-length transaction by parties that have equal knowledge, a court should not substitute its own view of a fair market price.” (citing *Cooper v. Ashley Comm., Inc., (In re Morris Communications NC, Inc.)*, 914 F.2d 458, 465, 474-75 (4th Cir. 1990))).

55. Here, the sale of the Purchased Assets is an arm’s-length transaction between the Sellers and an unaffiliated third party. As set forth in the FTI Declaration, Debtors believe that the sale proceeds represent reasonably equivalent value for the Purchased Assets. Debtors have

kept their primary creditor constituencies, namely Cerberus and the Committee, apprised of the APA negotiations and analysis regarding the Sale Transaction.

**WAIVER OF STAY UNDER BANKRUPTCY RULE 6004(H) AND 6006(D)**

56. Debtors also request the Court waive the stay imposed by Bankruptcy Rules 6004(h) and 6006(d). Bankruptcy Rule 6004(h) provides that “[a]n order authorizing the use, sale, or lease of property other than cash collateral is stayed until the expiration of 14 days after entry of the order, unless the court orders otherwise.” Fed. R. Bankr. P. 6004(h). Bankruptcy Rule 6006(d) further provides that an “order authorizing the trustee to assign an executory contract or unexpired lease under § 365(f) is stayed until the expiration of fourteen (14) days after the entry of the order, unless the court orders otherwise.” Fed. R. Bankr. P. 6006(d). The sale of the Purchased Assets must be approved and consummated promptly to preserve the value of the Purchased Assets. Therefore, time is of the essence, and Debtors and the Buyer intend to close the Sale Transaction as soon as possible following approval by the Court. Accordingly, as the exigent nature of the requested relief justifies immediate action Debtors respectfully request that the Court waive the fourteen-day stay imposed by Bankruptcy Rules 6004(h) and 6006(d).

**RESERVATION OF RIGHTS**

57. Nothing contained herein is or should be construed as: (a) admitting to the validity of any claim against Debtors; (b) waiving Debtors’ rights to dispute any claim on any grounds; (c) promising to pay any claim; or (d) assuming or rejecting any executory contract or unexpired lease pursuant to Section 365.

**NOTICE**

58. Debtors will provided notice of this Sale Motion in accordance with the *Order Establishing Certain Notice, Case Management, and Administrative Procedures* [Docket No. 103]. In light of the nature of the relief requested, no other or further notice need be given.

**NO PRIOR REQUEST**

59. No previous request for the relief sought herein has been made to this Court or any other court.

WHEREFORE, Debtors respectfully request that this Court enter an order, substantially in the form attached, granting the relief requested in the Sale Motion and such other and further relief as is just and proper.

**Jurisdiction, Final Order and Statutory Predicates**

A. This Court has jurisdiction to hear and determine the Sale Motion pursuant to 28 U.S.C. §§ 157(b)(a) and 1334(a). This is a core proceeding pursuant to 28 U.S.C. §157(b)(2)(A), (N) and (O). Venue is proper in this District and in this Court pursuant to 28 U.S.C. §§1408 and 1409.

---

<sup>3</sup> The findings and conclusions set forth herein shall constitute this Court's findings of fact and conclusions of law as described in Bankruptcy Rule 7052, made applicable to this matter by Bankruptcy Rule 9014.

Bankruptcy Rule 9014 and Rule 54(b) of the Federal Rules of Civil Procedure, as made applicable by Bankruptcy Rule 7054, this Court expressly finds that there is no reason to delay implementation of this Order.

C. The predicates for the relief requested in the Sale Motion are Sections 105(a), 363(b), (f) and (m) and 365 of the Bankruptcy Code and Bankruptcy Rules 2002(a)(2), 6004(a), (b), (c), (e), (f) and (h) and 6006(a), (c) and (d), 9007 and 9014.

#### **Notice of the Sale Transaction**

D. As evidenced by the affidavits of service previously filed with this Court, proper, timely, adequate and sufficient notice of the Sale Hearing and the Sale Transaction has been provided in accordance with Sections 105(a), 363 and 365 and Bankruptcy Rules 2002, 6004, 6006 and 9014.<sup>4</sup> The notices were good, sufficient and appropriate under the circumstances, provided all interested parties with timely and proper notice of the Sale Hearing and the Sale Transaction, and no further or other notice of the Sale Hearing and the Sale Transaction is required.

#### **Good Faith of the Buyer**

E. The Buyer is purchasing the Debtor Seller's Purchased Assets in good faith and is a good faith purchaser within the meaning of Section 363(m), and is therefore entitled to the full protection of that provision, and otherwise has proceeded in good faith in this proceeding in that, *inter alia*, the Buyer: (i) is not related in any way to the Debtor Seller; (ii) recognized that Debtor Seller was free to deal with any other party interested in acquiring the Debtor Seller's Purchased Assets; (iii) disclosed all payments it is to make and all agreements or arrangements related to the Sale Transaction; (iv) has not violated Section 363(n) by any act or omission; and (v) negotiated and executed the APA at arms' length and in good faith. Accordingly, the APA may not be avoided

and no party shall be entitled to damages or other recovery pursuant to section 365(n) of the Bankruptcy Code.

**Highest and Best Offer**

F. The transaction contemplated by APA constitutes the highest and best offer for the Debtor Seller's Purchased Assets, and will provide a greater recovery for Debtor Seller's estate than would be provided by any other available alternative. Debtor Seller's determination that the APA constitutes the highest and/or best offer constitutes a valid and sound exercise of Debtor Seller's business judgment.

G. The APA and its terms represents a fair and reasonable offer to purchase the Debtor Seller's Purchased Assets under the circumstances of these Chapter 11 Cases. No other person or entity or group of entities has offered to purchase the Debtor Seller's Purchased Assets for greater value to Debtor Seller's estates than the Buyer. Approval of the Sale Motion and the APA and the consummation of the transactions contemplated thereby are in the best interests of Debtor Seller, its creditors, its estate and other parties in interest.

H. The terms of the APA reflect Debtor Seller's exercise of prudent business judgment consistent with its fiduciary duties.

**Bid Protections**

I. The Bid Protections, namely a break-up fee of \$900,000 (the "Bid Protections"), are reasonable in relation to the size of the proposed Sale and under the facts and circumstances of the Sale Transaction. The Debtor Seller has articulated good and sufficient business reasons for the Court to approve the Bid Protections.

**No Fraudulent Transfer**

J. Neither the Debtor Seller nor the Buyer has entered into the APA, or proposes consummating the Sale Transaction, for the purpose of hindering, delaying or defrauding Debtor

Seller's present or future creditors. Neither the Debtor Seller nor the Buyer has entered into the APA or proposes consummating the Sale Transaction in violation of fraudulent conveyance and fraudulent transfer laws whether under the Bankruptcy Code or any other applicable law.

K. The consideration to be provided by the Buyer pursuant to the APA is fair and adequate, is the highest or best offer for the Purchased Assets, and constitutes reasonably equivalent value and fair consideration under the Bankruptcy Code and under other applicable law.

L. The Buyer is not a continuation or successor to Debtor Seller or its estate, there is no continuity of enterprise between the Sellers and Buyer, and the Sale does not amount to a consolidation, merger or de facto merger of the Buyer and Debtor Seller. The sale and transfer will not subject the Buyer to any liability (including successor liability) under any laws including any bulk transfer laws, or on any theory of successor or transferee liability with respect to operation of the Sellers' business prior to Closing.

#### **Validity of Transfer**

M. Debtor Seller is hereby authorized to enter into and perform its obligations under the APA; to execute and perform such agreements or documents; and to take such other actions as are necessary or desirable to effectuate the APA.

#### **Section 363(f) is Satisfied**

N. Debtors' secured lenders (Cerberus and Sizmek Finco, LLC) have consented to the sale of the Debtor Seller's Purchased Assets to the Buyer on the terms set forth in the APA. Accordingly, the conditions for a sale of the Debtor Seller's Purchased Assets to the Buyer free and clear of all Encumbrances pursuant to Section 363(f) have been satisfied.

**Section 365 is Satisfied Regarding the Assigned Contracts**

O. The Debtors have satisfied all conditions and requirements for assumption and assignment of the Assigned Contracts pursuant to Section 365.

**Compelling Circumstances for an Immediate Sale**

P. To maximize the value of the Debtor Seller's Purchased Assets and preserve the viability of the businesses to which the Debtor Seller's Purchased Assets relate, it is essential that the Sale Transaction occur within the time provided in the APA. Time is of the essence in closing the Sale Transaction.

Q. Given the circumstances of these Chapter 11 Cases and the adequacy of the purchase price under the APA, the proposed Sale Transaction on the terms and conditions set forth in the APA is a reasonable exercise of Debtor Seller's business judgment and should be approved.

R. The consummation of the transaction is legal, valid and properly authorized under all applicable provisions of the Bankruptcy Code, including, without limitation, Sections 105(a), 363(b), 363(f), 363(m), 365(b) and 365(f) and all applicable requirements of such Sections have been complied with in respect of the transaction.

**NOW, THEREFORE, IT IS HEREBY ORDERED, ADJUDGED AND DECREED:**

**General Provisions**

Upon the Closing, the Buyer shall take title to and possession of the Purchased Assets subject only to any Permitted Liens. Pursuant to Section 363(f), the transfer of title to the Purchased Assets shall be free and clear of any and all Encumbrances except for

Assumed Liabilities and Permitted Liens. All Encumbrances on the Purchased Assets other than Permitted Liens shall attach solely to the proceeds of the Sale Transaction with the same validity, priority, force and effect that they now have as against the Purchased Assets, subject to any and all claims and defenses Debtor Seller and its estates have.

7. Except as expressly set forth herein or in the APA, the Buyer and their successors and assigns shall have no liability for any Claim against the Debtors or the Debtors' estates or Excluded Liabilities, whether known or unknown as of the Closing Date, now existing or hereafter arising, whether fixed or contingent, whether derivatively, vicariously, as a transferee, successor, alter ego, or otherwise, of any kind, nature or character whatsoever, by reason of any theory of law or equity, including Claims or Excluded Liabilities arising under, without limitation: (i) any employment or labor agreements or the termination thereof relating to the Debtors; (ii) any pension, welfare, compensation or other employee benefit plans, agreements, practices and programs, including, without limitation, any pension plan of or related to any of the Debtors or any Debtor's affiliates or predecessors or any current or former employees of any of the foregoing, including, without limitation, the Employee Plans and any participation or other agreements related to the Employee Plans, or the termination of any of the foregoing; (iii) the Debtors' business operations or the cessation thereof; (iv) any litigation involving one or more of the Debtors; and (v) any employee, workers' compensation, occupational disease or unemployment or temporary disability related law, including, without limitation, claims that might otherwise arise under or pursuant to: (A) the Employee Retirement Income Security Act of 1974, as amended; (B) the Fair Labor Standards

Effective as of the Closing, each creditor is authorized and directed to execute such documents and take all other actions as may be necessary to release any Encumbrances (except for the Permitted Liens) on the Purchased Assets, as provided herein, that may have been recorded or may otherwise exist. The transactions authorized herein shall be of full force and effect, regardless of any Debtor Seller's lack of good standing in any jurisdiction in which such Debtor is formed or authorized to transact business. Upon consummation of the transactions set forth in the APA, the Buyer shall be authorized to file termination statements or lien terminations in any required jurisdiction to remove any record, notice filing, or financing statement recorded to attach, perfect or otherwise notice any lien or encumbrance with respect to the Purchased Assets (but not the proceeds thereof) that is extinguished or otherwise released pursuant to this Order under Section 363 and any related provisions.

9. All persons and entities are forever prohibited and enjoined from taking any action that would adversely affect or interfere with the ability of Debtor Seller to sell and transfer the Debtor Seller's Purchased Assets to the Buyer in accordance with the APA and this Order to the fullest extent provided by Section 363.

10. All persons and entities that are in possession of some or all of the Debtor Seller's Purchased Assets on the Closing Date are directed to surrender possession of such Debtor Seller's Purchased Assets to the Buyer or the Buyer Designee at the Closing.

11. The provisions of this Order authorizing the Sale Transaction by Debtor Seller free and clear of Encumbrances shall be self-executing, and none of the Debtor Seller, the Buyer or any other party shall be required to execute or file releases, termination statements, assignments, cancellations, consents or other instruments to effectuate, consummate, and/or

implement the provisions hereof with respect to the Sale; provided, however, that this paragraph shall not excuse such parties from performing any and all of their respective obligations under the APA or as otherwise set forth in this Order or requested by Buyer.

12. Without limiting the foregoing, a certified copy of this Order may be filed with the appropriate clerk or recorded to act to cancel any of the Encumbrances on the Debtor Seller's Purchased Assets of record except the Permitted Liens.

13. If any person or entity that has filed statements or other documents or agreements evidencing Encumbrances on all or a portion of the Debtor Seller's Purchased Assets shall not have delivered to Debtor Seller prior to the Closing, in proper form for filing and executed by appropriate parties, termination statements, instruments of satisfaction, releases of liens and easements, and any other documents necessary or desirable to the Buyer for the purpose of documenting the release of all Encumbrances on the Debtor Seller's Purchased Assets, which the person or entity has or may assert with respect to all or any portion of the Debtor Seller's Purchased Assets, Debtor Seller are hereby authorized and directed, and the Buyer is hereby authorized, to execute and file such statements, instruments, releases and other documents on behalf of such person or entity with respect to the Debtor Seller's Purchased Assets.

directed to accept for filing any and all of the documents and instruments necessary and appropriate to consummate the transactions of Debtor Seller contemplated by the APA; provided that nothing herein shall relieve any entity of the obligation to pay filing fees required to be paid under non-bankruptcy law.

15. Any and all governmental recording offices and all other parties, persons or entities are authorized to accept this Order for recordation on or after the Closing as conclusive evidence of the free and clear, and unencumbered, transfer of all right, title, interest and ownership in and to Debtor Seller's Purchased Assets conveyed to the Buyer at Closing.

**Assignment and Assumption of Assigned Contracts**

16. Debtor Seller is authorized and directed to assume and assign each Assigned Contract to the Buyer free and clear of all Encumbrances, as described herein. Debtor Seller is authorized to pay any Sellers' Cure Payments, as contemplated by the APA. The payment of the applicable Cure Amounts (if any) in accordance with the APA shall (a) effect a cure of all defaults existing thereunder as of the Closing Date and (b) compensate for any actual pecuniary loss to such non-Debtor party resulting from such default. The Buyer shall then have assumed the Assigned Contract and, pursuant to section 365(f) of the Bankruptcy Code, the assignment by Debtor Seller of such Assigned Contracts shall not be a default thereunder. Upon the payment of the relevant Cure Amounts in accordance with the APA, Debtor Seller shall have no further liabilities to the counterparties to the Assigned Contracts that accrue and become due and payable on or after the Closing Date except as provided in the APA. Upon the payment of the relevant Cure Amounts in accordance with the APA, the Buyer shall have no further liabilities to the counterparties to the Assigned Contracts that accrue and become due and payable on or before the Closing Date except as provided in the APA.

17. To the extent any counterparty to an Assigned Contract failed to timely object to a Cure Amount, such Cure Amount shall be deemed to be finally determined as of the entry of this Order and any such counterparty shall be barred from challenging, objecting to or denying the validity of the Cure Amount. Any provisions in any of Debtor Seller's Assigned Contracts that prohibit or condition the assignment of such Assigned Contracts or allow the party to such Assigned Contracts to terminate, recapture, impose any penalty, condition a renewal or extension or modify any term or condition upon the assignment of such Assigned Contract, constitute unenforceable anti-assignment provisions that are void and of no force and effect. All other requirements and conditions under Sections 363 and 365 for the assumption by Debtor Seller and assignment of the Buyer of the Assigned Contracts have been satisfied. Upon the Closing, in accordance with Sections 363 and 365, the Buyer shall be fully and irrevocably vested with all legal, equitable, and beneficial right, title and interest of Debtor Seller under the Assigned Contracts.

18. Upon the assumption of an Assigned Contract and the payment of the relevant Cure Amounts, if any, in accordance with the APA, the Buyer shall be deemed to be substituted for Debtor Seller as a party to the applicable Assigned Contracts and Debtor Seller shall be relieved, pursuant to Section 365(k) of any further liability under the Assigned Contracts.

19. Upon the payment of the applicable Cure Amount, if any, the Assigned Contracts will remain in full force and effect, and no default shall exist under the Assigned Contracts nor shall there exist any event or condition which, with the passage of time or giving of notice, or both, would constitute such a default.

20. The Buyer has provided adequate assurance of future performance under the relevant Assigned Contracts within the meaning of Sections 365(b)(1)(C), 365(b)(3) (to the extent applicable) and 365(f)(2)(B).

21. Pursuant to Sections 105(a) 363, and 365, all counterparties to the Assigned Contracts are forever barred and permanently enjoined from raising or asserting against Debtor Seller or the Buyer any assignment fee, default, breach or claim of pecuniary loss, or condition to assignment, arising under or related to the Assigned Contracts existing as of the Closing Date or arising by reason of the Closing.

22. The undisputed portion of the proposed Cure Amounts shall be paid in accordance with the APA. Any remaining disputed Cure Amounts must be paid by the earlier of (a) when Debtor Seller, the Buyer and the Assigned Contract counterparty can agree to an amount or (b) the date specified in a final and non-appealable order entered by the Bankruptcy Court. Debtor Seller shall use commercially reasonable efforts to cooperate with the Buyer in resolving any disputed Cure Amounts arising after the closing of the Sale Transaction.

#### **Other Provisions**

23. Pursuant to the APA, the Sellers shall enter into a Transition Services Agreement on the Closing Date pursuant to which Sellers shall provide to the Buyer, and the Buyer shall provide to the Sellers, certain services for the transitional period following Closing. The Debtor Seller is hereby authorized to enter into and perform under the Transition Services Agreement and to execute and deliver any additional documentation in support of that agreement.

24. In connection with the sale of the Purchased Assets, Debtors shall be required to abide by their privacy policies in place as of the date of the APA, as such policies may be amended from time to time. Accordingly, no consumer privacy ombudsman will be appointed in connection with the sale under Section 363(b)(1).

25. The Buyer is not and shall not be deemed a successor to Sellers as a result of the consummation of the Sale Transaction. The Buyer has given substantial consideration under the APA for the benefit of Sellers, their estates and the holders of any Encumbrances. The consideration given by the Buyer is valid and valuable consideration for the releases of any potential claims of successor or transferee liability against the Buyer, which releases shall be deemed to have been given in favor of the Buyer by all holders of Encumbrances against Debtor Seller or any of the Debtor Seller's Purchased Assets.

26. Effective upon the Closing of the Sale Transaction: (a) all holders of Encumbrances are hereby barred and permanently enjoined from in any way asserting or pursuing such Encumbrances against the Buyer, the Buyer's successors or assigns and/or the Debtor Seller's Purchased Assets; (b) all holders of Encumbrances are hereby barred and permanently enjoined from in any way asserting or pursuing any action against the Buyer, the Buyer's successors or assigns and/or the Debtor Seller's Purchased Assets based on any theory of successor or transferee liability; and (c) no holder of any Encumbrance shall in any way interfere with the Buyer's possession of, title to, or use and enjoyment of the Debtor Seller's Purchased Assets.

27. The Buyer has acted in good faith and has not colluded in undertaking the Sale Transaction. The Buyer is entitled to all of the protections afforded by Section 363(m), and the Sale Transaction may not be avoided, nor may any costs or damages be imposed, under Section 363(n).

28. Nothing contained in any chapter 11 plan confirmed in any of Debtors' Chapter 11 Cases, any order confirming any such chapter 11 plan, any order approving wind-down or dismissal of any of Debtors' Chapter 11 Cases or any subsequent chapter 7 cases, or any other order of any type or kind entered in Debtors' Chapter 11 Cases shall conflict with or derogate from the provisions of the APA or the terms of this Order, and to the extent of any conflict or derogation between this Order or the APA and such future plan or order, the terms of this Order and the APA shall control.

29. Pursuant to Bankruptcy Rules 7062, 9014, 6004(h), and 6006(d), this Order shall be effective immediately upon entry and Debtor Seller and Buyer are authorized to close the Sale Transaction immediately upon entry of this Order.

30. No bulk sales or similar law of any state or jurisdiction applies to the Sale Transaction.

31. Except for FTICA, there are no brokers involved in consummating the Sale Transaction and no brokers' commissions are due.

32. The failure to identify any particular provision of the APA in this Order shall not diminish or impair the effectiveness of such provision, it being the intent of this Court that the APA be authorized and approved in its entirety.

33. The APA and any related agreements or other instruments (other than this Order) may be modified, amended or supplemented by the parties thereto and in accordance with the terms thereof, without further order of this Court, provided that any such modification, amendment or supplement does not have a material adverse effect on Debtor Seller's estate.

34. The terms of this Order shall govern any inconsistencies between the terms of this Order and the APA.

35. All time periods set forth in this Order shall be calculated in accordance with Bankruptcy Rule 9006(a).

36. In connection with the closing of the Sale Transaction, the Debtors are authorized and directed to pay directly to Cerberus Business Finance, LLC (“Cerberus”), as administrative agent and collateral agent for certain revolver and term loan lenders (the “Senior Lenders” and, together with Cerberus, the “Secured Parties”) under that certain Financing Agreement, dated as of September 6, 2017 (as subsequently amended from time to time, the “Financing Agreement”), [a portion of the amount payable to the Debtor Seller by the Buyer at closing (whether in the form of cash or otherwise) (the “Direct Cerberus Payments”) to be agreed by the Debtors and Cerberus.] The Direct Cerberus Payments include, without limitation, proceeds of the Sale Transaction attributable to the Debtor Seller’s Purchased Assets and certain proceeds that, pursuant to the APA, will be paid to the Debtor Sellers on account of Sizmek Israel’s obligations under that certain Amended and Restated Promissory Note dated October 27, 2016 (the “Intercompany Note”). Cerberus is authorized to apply the Direct Cerberus Payments to satisfy amounts owed to the Secured Parties under the Financing Agreement in accordance with the terms and conditions thereof. In furtherance of the foregoing, the Debtors’ rights under the Intercompany Note, including, without limitation, all rights of enforcement and payment (subject to the terms of the APA), are hereby assigned to Cerberus. #### Section 2.4 Required Consents.

(a) Notwithstanding anything to the contrary contained herein, to the extent that the sale, conveyance, transfer, assignment or delivery or attempted sale, conveyance, transfer, assignment or delivery to Purchaser of any Purchased Asset (including pursuant to Sections 363 and 365 of the Bankruptcy Code if applicable) (i) is prohibited by any applicable Law or (ii) would require the consent of any third party or any Governmental Authority and such consent cannot be effectively overridden or canceled by the Sale Order or other related order of the Bankruptcy Court (all such required consents of third parties which are necessary for the consummation of the transactions contemplated hereby, the “Required Consents”) and shall otherwise not have been obtained prior to Closing, this Agreement shall not constitute a sale, conveyance, transfer, assignment or delivery, or an attempted sale, conveyance, transfer, assignment or delivery of such Purchased Asset and the provisions set forth below in Section 2.4(b) shall govern.

(b) During the period from the date hereof through the Closing Date, Sellers shall, and shall cause their Affiliates to, use their best efforts to obtain promptly (and before Closing) the consents with respect to the contracts set forth on Schedule 2.4(b). For a period of ninety (90) days following the Closing Date, the parties hereto shall have a continuing obligation to use their respective commercially reasonable efforts to cooperate with each other and to obtain promptly all Required Consents and each party hereto shall provide all of the assistance that is reasonably requested by the other party hereto in connection with securing such Required Consents. If any Required Consent shall not be obtained, Sellers, to the maximum extent permitted by law and the Purchased Assets, shall act after the Closing as Purchaser’s agent in order to obtain for it the benefits thereunder. The parties’ obligations under this Section 2.4(b) shall be subject to the Efforts Conditions.

(c) If, at any time after entry of the Sale Order by the Bankruptcy Court and for a period of up to ninety (90) days following the Closing Date, (i) Purchaser identifies any asset relating to the Business that it believes is material or necessary to purchase that is not a Purchased Asset pursuant to Section 2.1, (ii) Sizmek Israel (and the First Lien Agent, with respect to assets of the Debtors) agrees in writing that such asset should be a Purchased Asset (which agreement shall not be unreasonably withheld), and (iii) such asset is still owned by a Business Entity, then such asset shall be deemed to be a Purchased Asset for all purposes of this Agreement, and the Sellers shall use, and shall cause each of the other Business Entities to use, commercially reasonable efforts to convey such asset to Purchaser. For the avoidance of doubt, to the extent any contract is deemed to be a Purchased Asset pursuant to this Section 2.4(c), such Contract shall be deemed to be an Assumed Contract for all purposes of this Agreement.

Section 2.5 Accounts Receivable. If, at any time after the Closing, (a) Purchaser receives any payments with respect to Sellers Accounts Receivable, Purchaser shall pay all such amounts to the applicable Seller, or (b) any Seller or any other Business Entity receives any payments from any third-party relating to or arising from the Purchaser’s ownership of the Purchased Assets or operation of the Business after the Closing, including any payments with respect to Purchaser Accounts Receivable, Sellers shall pay, or cause such other Business Entities to pay, all such amounts to the Purchaser, in each case within ten (10) business days of receipt thereof; provided, however, that with respect to clause (a), Purchaser may reduce such amounts by the amount of any Sellers Cure Payments that Purchaser has paid on behalf of any Business Entity with the prior written consent of Sellers.

Section 2.6 Delivery of Assets. Sellers shall deliver, or cause to be delivered, the Purchased Assets to Purchaser or an Affiliate of Purchaser designated in writing by Purchaser at the Closing using such delivery method as Purchaser may reasonably request prior to the Closing, including by way of electronic delivery. Any source code, software, or other intangible assets in electronic form that are included within the Purchased Assets shall be delivered by way of electronic delivery upload from computer storage devices owned by Sellers directly to computer storage devices owned by Purchaser or by such other method as may be reasonably requested by Purchaser.

### **ARTICLE III PURCHASE PRICE; ALLOCATION**

Section 3.1 Purchase Price. In exchange for the sale, assignment, transfer, conveyance and delivery of the Purchased Assets, Purchaser shall:

- (a) assume the Assumed Liabilities; and
- (b) pay, as the purchase price for the Purchased Assets (the "Purchase Price"), (i) Thirty Million U.S. Dollars (\$30,000,000) in cash *less* (ii) the aggregate amount of the Outstanding Accrued Employee Liabilities to the extent Sellers have not paid such amount prior to the Closing (the "Closing Cash Payment"), which shall be allocated among Sizmek UK, Sizmek Israel, and Parent based on the relative value of the respective Purchased Assets sold by them hereunder (which allocation shall be reasonably agreed among the parties hereto and be based on the allocation set forth in the PwC Report). For the avoidance of doubt, and notwithstanding anything else to the contrary in this Agreement but subject to Section 8.6(c) and this Section 3.1(b), the Purchase Price is exclusive of any applicable European Union or Israeli VAT and any such VAT, to the extent applicable, shall be Purchaser's sole liability and responsibility; provided, however, that any Israeli VAT applicable solely to the sale and purchase of the Company IP to a Purchaser designee that is not an Israeli resident for purposes of Israeli VAT will be paid by the Sellers and the Purchaser in accordance with Section 8.6(c). Any VAT which is payable in Israel or the United Kingdom in respect of Israeli Purchased Assets and UK Purchased Assets, as applicable, shall be added to the portion of the Purchase Price allocable to such assets and shall be paid by the Israeli Assets Purchaser or UK Assets Purchaser, to Sizmek Israel or Sizmek UK, as applicable, provided, however, that Sizmek Israel and Sizmek UK, as relevant, shall issue and deliver to the Israeli Assets Purchaser and UK Assets Purchaser, as applicable, valid tax invoices in accordance with Section 8.6(c).

At least five (5) days prior to the Closing, (i) Sellers shall certify to Purchaser in writing all required Cure Payments with respect to the Assumed Contracts and (ii) Purchaser shall notify Sellers which Purchased Assets, Assumed Liabilities or Transferred Employees will be Israeli Purchased Assets and UK Purchased Assets and will be purchased, assumed or hired by an Israeli Assets Purchaser and UK Assets Purchaser, as applicable. The relative value of the Israeli Purchased Assets and the UK Purchased Assets sold, assumed or hired hereunder shall be reasonably agreed among the parties hereto and shall be based on an allocation to be set forth in the PwC Report to be delivered at least one day prior to Closing. The Israeli Assets Purchaser and UK Assets Purchaser, as applicable, shall add to the Purchase Price allocable to such assets and pay to Sizmek Israel or Sizmek UK, as applicable, the VAT which is payable in Israel or the

United Kingdom applicable thereto, in a way that such VAT is borne and paid solely by the Purchaser or Purchaser's designee in accordance with Section 8.6(c). Unless Purchaser notifies Sellers otherwise in writing in accordance with the foregoing, Sellers may conclude that Purchaser and any Purchaser designee who purchases, assumes, or hires any of the Purchased Assets, Assumed Liabilities, or Transferred Employees of Sizmek Israel or Sizmek UK are not Israeli residents for Israeli VAT purposes or residents in the European Union for United Kingdom VAT purposes.

**Section 3.2 Deposit.** No later than five (5) business days after the date hereof, Purchaser shall provide a cash deposit in the amount of Three Million U.S. Dollars (\$3,000,000) which amount shall be deposited and held in escrow with SunTrust Bank (the "Deposit") pursuant to an escrow agreement in form and substance customary for a transaction of this nature and otherwise reasonably acceptable to the parties hereto. If the Closing occurs, subject to the Sale Order, the Deposit shall be released to Sellers (or their designee(s)) and credited towards the Closing Cash Payment. If the Closing does not occur, then the Deposit shall be disbursed as follows: (i) in the event of a termination of this Agreement by Sellers pursuant to Section 11.2(c), the Deposit shall be released to Sellers (or their designee(s)) as liquidated damages in accordance with the allocation pursuant to Section 3.1(b); and (ii) in the event of a termination of this Agreement for any other reason, the Deposit shall be returned to Purchaser. Purchaser and Sellers shall deliver joint written instructions to the escrow agent with respect to the release of the Deposit set forth in the preceding sentence.

**Section 3.3 Purchase Price Allocation.** The parties agree to allocate for Tax purposes (and, as applicable, to cause their respective Affiliates to allocate for Tax purposes) the Purchase Price and any other amounts treated as additional consideration for Tax purposes among the Purchased Assets in accordance with the following procedures and, to the extent applicable, in accordance with Section 1060 of the Code, and the Treasury Regulations promulgated thereunder and with respect to Purchased Assets acquired from Sizmek Israel, in accordance with applicable Israeli Tax laws; provided, however, that the allocation among the various Sellers shall be consistent with the allocation of the Closing Cash Payment among the Sellers as provided in Section 3.1(b). Within ninety (90) days after the Closing Date, Purchaser shall deliver to Parent (or such other Person as the parties may agree) a proposed allocation of the Purchase Price and any other amounts treated as additional consideration for Tax purposes as of the Closing Date (the "Purchaser's Allocation"). No later than thirty (30) days following the delivery of the Purchaser's Allocation, Parent may deliver to Purchaser a statement setting forth in reasonable detail any objections thereto, the basis for such objections, and Parent's proposed allocation ("Sellers' Allocation Notice"). If Parent timely delivers to Purchaser a Sellers' Allocation Notice, Parent and Purchaser shall, during the twenty (20) days following such delivery, use commercially reasonable efforts to reach agreement on the disputed items or amounts. The Purchaser's Allocation, if no Sellers' Allocation Notice is timely delivered, or as adjusted pursuant to any agreement between the Parent and Purchaser during the twenty (20) day period following the timely delivery of Sellers' Allocation Notice (the "Allocation"), shall be final and binding on the parties; provided, that if Sellers' Allocation Notice is timely delivered and Parent and Purchaser are unable to reach agreement within such twenty (20) day period, they shall not be required to reach agreement, and each party shall file its respective Tax Returns in accordance with such allocation as it determines to be correct and consistent with applicable Law. If an Allocation is determined pursuant to the foregoing provisions of this Section 3.2,

each of the parties (a) shall (and shall cause its Affiliates to) prepare and file all Tax Returns (and Internal Revenue Service Forms 8594) in a manner consistent with the Allocation and (b) shall not (and shall cause its Affiliates not to) take any position on any Tax Return or in connection with any Tax proceeding inconsistent with the Allocation, in each case, except to the extent otherwise required by a “determination” within the meaning of Section 1313(a) of the Code (or any analogous provision of applicable state, local or non-U.S. Law).

#### **ARTICLE IV INSTRUMENTS OF TRANSFER AND ASSUMPTION**

Section 4.1 Transfer Documents. At the Closing, Sellers shall deliver to Purchaser (a) one or more Bills of Sale in form and substance reasonably satisfactory to Purchaser (the “Bills of Sale”), and (b) all such other good and sufficient instruments of sale, transfer and conveyance consistent with the terms and provisions of this Agreement, including an assignment of the Company IP in form and substance reasonably satisfactory to Purchaser (the “Intellectual Property Assignment Agreement”) and any other assignments as shall be reasonably necessary to vest in Purchaser all of Seller’s right and title to, and interest in, the Purchased Assets.

Section 4.2 Assignment and Assumption Documents. At the Closing, Purchaser and Sellers, as applicable, shall execute and deliver one or more Assignment and Assumption Agreements in form and substance reasonably satisfactory to Purchaser (the “Assumption Agreements”) in order to effect the assignment and assumption of the Assumed Liabilities.

#### **ARTICLE V CLOSING**

Section 5.1 Closing Date. Subject to the terms and conditions hereof, the closing of the transactions contemplated by this Agreement (the “Closing”) shall take place via email, at the offices of Katten Muchin Rosenman LLP, 575 Madison Avenue, New York, NY 10022, or at such other location as may be mutually agreed upon among the parties hereto on the earliest practicable business day after the date on which all conditions to Closing set forth in Articles IX and X have been satisfied (or waived) or such later date as the parties mutually agree in writing (the “Closing Date”). The Closing shall be effective as of 12:01 a.m. Eastern Time on the Closing Date.

#### **ARTICLE VI SELLERS’ REPRESENTATIONS AND WARRANTIES**

Each Seller represents and warrants to Purchaser that the statements contained in this Article VI are true and correct as of the date of this Agreement, subject to the disclosures and exceptions set forth in the Disclosure Schedules attached hereto:

Section 6.1 Organization, Qualification and Corporate Power. Each Seller is a company duly organized, validly existing and in good standing under the Laws of the state or country of its formation and is in good standing under the Laws of each jurisdiction where such qualification is required, except where the lack of such qualification or failure to be in good standing would not reasonably be expected to have a Material Adverse Effect. Each Business Entity has all necessary power and authority to own and operate its properties and to carry on its

business as it is now being conducted. Subject to entry of the Sale Order, each Seller has the corporate power and corporate authority to execute and deliver and perform its obligations under this Agreement and the other Transaction Documents, and to undertake the transactions contemplated hereby and thereby. As used herein, the term “Transaction Documents” means this Agreement and all other agreements, documents and instruments executed in connection herewith or required to be executed and/or delivered by a Seller in accordance with the provisions of this Agreement.

Section 6.2 Authorization, Execution and Delivery of Agreement and Transaction Documents. Subject to the entry of the Sale Order, the execution, delivery and performance of this Agreement and the other Transaction Documents by each Seller and the transfer or assignment of the Purchased Assets to Purchaser have been duly and validly authorized and approved by all necessary corporate action of each Seller. Subject to the entry of the Sale Order and receipt of the Required Consents, each Seller has full power, right and authority to sell and convey to Purchaser the Purchased Assets owned by such Seller.

Section 6.3 Title to Assets; Sufficiency of Assets. Each Business Entity has title to, or a valid leasehold interest in, all of the properties and assets included in the Purchased Assets that it is conveying pursuant hereto. Subject to entry of the Sale Order and upon the consummation of the transactions contemplated hereby and by the Transaction Documents, Purchaser shall acquire title to all of the Purchased Assets, free and clear of all Liens other than Permitted Liens. Except for the Excluded Assets set forth in Sections 2.2(a), 2.2(b) and 2.2(g), the Purchased Assets are sufficient for the continued conduct of the Business after the Closing in substantially the same manner as conducted as of the date hereof (subject to (i) any Excluded Contracts that Purchaser elects not to acquire as provided in Section 2.3(c) and (ii) any services provided under the Transition Services Agreement) and constitute all of the material rights, property and assets necessary to conduct the Business as conducted as of the date hereof. Except for the Excluded Assets set forth in Sections 2.2(a), 2.2(b) and 2.2(g), none of the Excluded Assets are material to or necessary for the conduct of the Business. The Purchased Assets include all material books and records owned, primarily used or primarily held for use by any Business Entity with respect to the Business. No Affiliate of any Seller that is not a Business Entity has any right, title or interest in, to or under any properties, assets and rights primarily used in, or primarily held for use in, the Business, other than immaterial assets, and no Seller or Affiliate of Seller has any claim against the Business or any Business Entity in respect of the Business, other than Intercompany Claims and Intercompany Agreements.

Section 6.4 Legal Proceedings. Except for the Bankruptcy Case and as set forth on Schedule 6.4, there is no Legal Proceeding pending or, to the Knowledge of Sellers, threatened in writing against any Business Entity, the Business or the Purchased Assets (or to the Knowledge of Sellers, pending or threatened, against any of the officers, directors or employees of any Business Entity with respect to their business activities related to the Purchased Assets or the Business) (a) that as of the date hereof challenges or that as of the date hereof is reasonably expected to have the effect of preventing, making illegal, delaying or otherwise interfering with any of the transactions contemplated by this Agreement; or (b) that is related to the Purchased Assets or the Business.

Section 6.5 Real Property. No Seller owns any real property. Schedule 6.5 sets forth the street addresses of all real property primarily used or primarily held for use in the Business which any Business Entity leases, operates, occupies or subleases in connection with the Business or upon which any tangible Purchased Assets are located and all instruments, easements, leases, subleases, options and other material agreements (including all amendments thereto) creating any interest or right in any Business Entity or any other party in any of the real property specifying the name of the lessor or sublessor (as applicable) (collectively, the “Real Property Leases”) and Sellers have provided true and complete copies of all such Real Property Leases to Purchaser.

Section 6.6 No Violation of Laws or Agreements. Subject to the entry of the Sale Order and receipt of the Required Consents, the execution and delivery by Sellers of this Agreement and the Transaction Documents contemplated hereby, the performance by any Seller or any other Business Entity of obligations hereunder and thereunder and the consummation by any Seller or any other Business Entity of the transactions contemplated herein and therein shall not violate, (a) any Laws or any judgment, decree, order, regulation or rule of any court or Governmental Authority to which any Business Entity is subject; (b) result in any breach of, or constitute a default (or event which with the giving of notice or lapse of time, or both, would become a default) under, or give to any Person any rights of termination, amendment, acceleration or cancellation of, or result in the creation of any Lien on any of the Purchased Assets, any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument to which any Business Entity is a party and which relates to any of the Purchased Assets; or (c) contravene, conflict with or result in a violation of any provision of any organizational documents of any Business Entity, except in the cases of clauses (a) and (b) for such violations which are not material to the Business.

Section 6.7 Employee Benefits. Schedule 6.7 sets forth all material Employee Plans covering employees, directors or consultants or former employees, directors or consultants in, or related to, the Business or any of the Business Entities. Sellers have made available to Purchaser true and complete summaries of all such material Employee Plans, including summaries of written descriptions thereof that have been distributed to employees, directors or consultants of any of the Business Entities, all annuity contracts or other funding instruments relating thereto, and a summary description of all Employee Plans which are not in writing.

Section 6.8 Labor Matters. Except as set forth on Schedule 6.8 and except for offer letters or contracts that may be terminated “at will” and do not contain post-termination obligations in excess of any such obligations imposed by applicable Law, there are no employment, consulting, severance or indemnification contracts between Sellers, any Business Entity or any Affiliate of Sellers or the Business Entities and any employees who work for or directly or indirectly support the Business (the “Business Employees”). Except as set forth on Schedule 6.8, each Business Entity (a) is not and for the past five years has never been a party to or bound by any collective bargaining or similar agreement with any labor organization, trade union, works council or other organization or body involving any of its Business Employee or Business Employee representatives; is not otherwise required (under any Law, under any Contract or otherwise) to provide payment, benefits or working conditions under any of the foregoing; and has never had any employees that are represented by any labor organization, trade union, works council or other similar organization or body; (b) is not and for the past five years

has never been a member of any employers' association or organization and has never paid and is not required to pay and has never been requested to pay any payment (including professional organizational handling charges) to any employers' association or organization; (c) is not subject to any extension orders and no employee benefits from any such extension orders other than extension orders applicable generally to the workforce in Israel; and (d) has no knowledge of any existing or past organizing activities among the Business Employees of any Business Entity. No Business Entity has ever been engaged in any unfair labor practice of any nature. Sellers have delivered a true and complete list, organized by country, of all Business Employees to Purchaser, which list includes each employee's name, position and title, employment entity, department, work location, scope of employment (e.g., full- or part-time or temporary), overtime classification (e.g., exempt or non-exempt), date of commencement of employment, prior notice entitlement, salary and any and all other compensation or benefit payable, maintained or contributed to or with respect to which any potential liability is borne by Sellers or any Affiliate of Sellers (whether now or in the future, by virtue of any Law, Contract or otherwise) to each of the listed employees (the "Employee Census"). Other than their salaries and other compensation as set forth in the Employee Census, the Business Employees are not entitled to any material payment or benefit that should be reclassified as part of their determining salary for any purpose. No Business Employee is entitled (by virtue of any Contract or policy of Sellers or any of their Affiliates) to any material benefits, entitlement or compensation that is not listed on the Employee Census. Sellers have delivered a true and complete list of all present independent contractors and consultants ("Contractors") engaged by each Business Entity with respect to the Business, which list includes each Contractor's name, date of commencement, and rate of all regular compensation and benefits, bonus or any other compensation payable (the "Contractor Census"). All current and former Contractors of the Business are and have been rightly classified as independent contractors and are not entitled to any employment benefits which would be material to the Sellers. Without derogating from any of the above representations, the Seller's liability towards its Israeli employees or employees residing in Israel regarding severance pay, accrued vacation and contributions to all Employee Plans are fully funded or, if not required by Law to be fully funded are accrued on the Financial Statements as of the date of such Financial Statements.

Section 6.9 Brokers. Except for those persons set forth on Schedule 6.9, to whom Sellers shall be solely responsible for any fees or commissions owing, no Business Entity has engaged any agent, broker or other Person acting pursuant to the express or implied authority of any Business Entity which is or may be entitled to a commission or broker's or finder's fee in connection with the transactions contemplated by this Agreement or otherwise with respect to the sale of the Purchased Assets.

Section 6.10 Permits. Each Business Entity is and at all times has been in compliance in all material respects with all permits applicable to it, or applicable to the conduct and operations of the Business, or relating to or affecting the Purchased Assets. No Business Entity has received any written notice from any Governmental Authority specifically alleging (a) any actual, alleged, possible or potential material violation of, or failure to comply with, any such permits or (b) any actual, alleged, possible or potential revocation, withdrawal, suspension, cancellation or termination of, or any modification to, any permit. Schedule 6.10 sets forth all of the permits material to the operation of the Business.

Section 6.11 Taxes; Tax Returns. Except as set forth on Schedule 6.11, no Business Entity has received any outstanding notice of audit, and is not undergoing any audit, of Tax Returns relating to the Business and has never received any written notice of deficiency or assessment from any taxing authority with respect to liability for any material amount of Taxes relating to the Business which has not been fully paid or finally settled. Except as set forth on Schedule 6.11, each Business Entity has complied in all material respects with all applicable Laws, rules and regulations relating to the payment and withholding of Taxes and has withheld all material amounts required by law to be withheld from the wages or salaries of employees and independent contractors of the Business and is not liable for any material Taxes with respect to the employees and independent contractors of the Business for failure to comply with such laws, rules and regulations. Except as set forth on Schedule 6.11, neither Sizmek Israel nor any other Business Entity participates in, or has ever participated in or been engaged in, any transaction listed in Section 131(g) of the Israeli Income Tax Ordinance [New Version] 5721-1961 and the rules and regulations promulgated thereunder (the "Ordinance") and the Income Tax Regulations (Reportable Tax Planning), 5767-2006 promulgated thereunder, or any similar provision under any other local or foreign Tax Law. Except as set forth on Schedule 6.11, neither Sizmek Israel nor any other Business Entity is subject to any reporting obligations under Sections 131D and 131E of the Ordinance or any similar provision under any other local or foreign Tax Law, including with respect to value added Taxes. Neither Sizmek Israel nor any other Business Entity is or has ever been a real estate corporation (Igud Mekarke'in) within the meaning of this term under Section 1 of the Israeli Land Taxation Law (Appreciation and Acquisition), 5723-1963. Except as set forth on Schedule 6.11, there are no Tax rulings, Contracts and arrangements (whether by written agreement or not) issued by any Tax authority relating to the Purchased Assets. The prices and terms for the provision of any related party transaction as defined in the relevant transfer pricing Laws, including for the avoidance of doubt, to the extent applicable, under Section 85A of the Ordinance, entered into by any of the Sellers are at arm's length.

Section 6.12 Compliance with Laws.

(a) Each Business Entity and the conduct of the Business are and at all times have been in compliance in all material respects with all Laws applicable to them or to the conduct and operations of the Business or relating to the Purchased Assets. Except as set forth on Schedule 6.12, no Business Entity has received any written notice to the effect that, or otherwise been advised of, and to the Knowledge of Sellers there has not occurred with respect to the Purchased Assets or the Business, (a) any actual, alleged, possible or potential violation of, or failure to comply with, in all material respects, any such Laws, or (b) any actual, alleged, possible or potential obligation on the part of any Business Entity to undertake, or to bear all or any portion of the cost of, any material remedial action of any nature.

(b) Each Business Entity and the conduct of the Business is, and at all times has been, in compliance with applicable Laws of the United States and other jurisdictions in which the Business Entities operate or to which any Business Entity is subject with respect to import and export control and economic sanctions, including the U.S. Export Administration Regulations, the U.S. International Traffic in Arms Regulations, and the U.S. Department of the Treasury Office of Foreign Asset Control ("OFAC") economic sanctions regulations. No Business Entity has at any time been counterparty to any commercial agreement with any Person who is the target of, or listed as a designated person in respect of, any economic sanction

administered by OFAC or the U.S. Department of Commerce or has engaged, directly or indirectly, in any business with or related to any country or territory that is the subject of any comprehensive economic or financial sanctions or trade embargoes administered or enforced by OFAC (currently Crimea, Cuba, Iran, Sudan, Syria, and North Korea).

(c) No Business nor any of its representatives acting on its behalf has at any time (i) taken any action, directly or indirectly, in violation (or that may result in any violation) of Anti-Bribery Laws, including corruptly making, offering, authorizing or promising any payment, contribution, gift, business courtesy, bribe, rebate, kickback or any other thing of value, regardless of form or amount, to any Person to induce the recipient to act improperly, to obtain a competitive advantage for any party or to receive favorable treatment in obtaining or retaining business or (ii) corruptly or improperly accepted, received or solicited anything of value in connection with the Business. Each Business Entity conducts, and has at all times conducted, its business in compliance with Anti-Bribery Laws and none of any Business Entity's principals, stockholders, directors, officers, employees, or other agents is an official, agent, employee, or representative of any national, provincial, or local government, wholly or partially government-owned or government-controlled entity, political party, political candidate, or public international organization.

Section 6.13 Material Contracts. Schedule 6.13 sets forth an accurate and complete list in all material respects of all material Contracts (a) by which any of the Purchased Assets are bound or affected or (b) to which any Business Entity is a party or by which it is bound in connection with the Business or the Purchased Assets (together with all Real Property Leases and the IP Agreements, the "Material Contracts") and indicates, where applicable, if such Material Contract also applies to assets that are not Purchased Assets or services that are not part of the Business. No Business Entity or, to the Knowledge of Sellers, any other party thereto, is in material breach of, or material default under, any Material Contract except for any material breach of or default under, any Material Contract that (a) would be remedied solely by the payment of Cure Payments and (b) arises directly and solely from the filing of the Bankruptcy Case.

#### Section 6.14 Intellectual Property.

(a) The Business Entities exclusively own, or have the valid right or license to exploit, all of the Company IP, free and clear of all Liens (other than Permitted Liens).

(b) The Company IP is sufficient intellectual property for the conduct of the Business on the date hereof.

(c) An accurate and complete list in all material respects of all Contracts related to the Company IP (the "IP Agreements") is set forth on Schedule 6.14(c).

(d) Schedule 6.14(d) sets forth an accurate and complete list in all material respects of all of the Company IP owned by any of the Business Entities subject to any issuance, registration, application or other filing by, to or with any Governmental Authority or authorized private registrar in any jurisdiction, including registered trademarks, domain names, and

copyrights, issued and reissued patents and pending applications for any of the foregoing (the “IP Registrations”).

(e) Sellers have provided to Purchaser true and complete copies of all of the IP Agreements and the IP Registrations.

(f) The operation of the Business and the Company IP (i) do not conflict with, infringe, violate, or interfere with or misappropriate any right, title or interest of any Person and (ii) do not and shall not constitute unfair competition or unfair trade practices under any Laws. There is no pending or threatened claim that any of the Company IP is invalid or contesting the ownership or right of any Seller to use or exploit any of the Company IP, and, to the Knowledge of Sellers, there is no basis for any claim contesting the ownership or right of any Seller to use or exploit any of the Company IP.

(g) To the Knowledge of the Sellers, there is and has been no unauthorized use, unauthorized disclosure, infringement, violation, or misappropriation of any Company IP by any Person. No Business Entity has received any notice within the last three years (whether written or oral) that any Person is infringing, violating, or misappropriating any Company IP or otherwise making any unauthorized use or disclosure of any Company IP. To the Knowledge of the Sellers, no such infringement, violation, misappropriation, use, or disclosure is occurring or has occurred.

(h) Each current or former director, officer, employee, consultant, and contractor who has been materially involved in, or who contributed to, the creation or development of any of the Company IP (each, an “IP Contributor”) in sufficient degree as to otherwise derive a right, title or interest in such Company IP, such IP Contributor has executed and delivered to the applicable Business Entity a valid and enforceable assignment in the form provided to Purchaser of all rights, title, and interests that such Person may have, may have had, or may hereafter acquire in or to such Company IP and a valid and enforceable waiver of any and all rights (including moral rights) that such Person may have (an “IPAA”). All amounts payable by the Sellers to any IP Contributor have been paid in full, and all employees have expressly and irrevocably waived the right to receive additional compensation in connection with “Service Inventions” under Section 134 of the Israeli Patent Law - 1967 (or any similar provision under any legal requirement of any applicable jurisdiction) for any intellectual property rights and no additional compensation or royalties are due to any employee for the use of Company IP, including pursuant to Section 134 to the Israeli Patent Law – 1967.

(i) Schedule 6.14(i) lists and describes all material Open Source Materials (including release number, if any) included in or integrated with (including as a programming dependency) the Business’s products and services, and/or any tools or environments for development, testing, monitoring, and/or deployment thereof, and (i) the Open Source License (including version number, if any) under which any Business Entity uses such Open Source Materials, (ii) the URL, if any, where such Open Source Materials were accessed by such Business Entity, (iii) whether such Open Source Materials have been modified by or for such Business Entity (including a description of such modifications, if any), (iv) whether such Open Source Materials have been distributed by or for such Business Entity, and (v) whether such Open Source Material is a Copyleft Material, and if so, how any such Copyleft Materials are

integrated with or interact with Company IP. To the Knowledge of Sellers, no Business Entity has: (A) incorporated any Open Source Materials into, or combined any Open Source Materials with, any Company IP, or (B) distributed any Open Source Materials in conjunction with or for use with any other software. No Business Entity has used any Copyleft Materials in a manner that requires any portion of Company IP to be subject to any Copyleft License. The Business Entities are in compliance with the terms of all relevant licenses (including all requirements related to notices and making source code available to third parties) for all Open Source Materials used by them. There is not, and since any Business Entity's inception there has not been, any notice of material non-compliance or termination from or material disagreement or dispute with, any Person regarding any Open Source Materials or Open Source License. Sellers have provided to Synopsys, Inc. for its review a complete and accurate copy of the most recent version of all software that is part of any of the Business's products or services. As used herein, the following terms have the meanings set forth below:

(i) “Copyleft Materials” means any software or content subject to a Copyleft License.

(ii) “Open Source Materials” means any software or content subject to an Open Source License.

(iii) “Open Source License” means any license meeting the Open Source Definition (as promulgated by the Open Source Initiative) or the Free Software Definition (as promulgated by the Free Software Foundation), or any substantially similar license, including any license approved by the Open Source Initiative, or any Creative Commons License, and including any adaptation or modification (e.g., adding the Commons Clause) of or exception to any such license. For the avoidance of doubt, Open Source Licenses include Copyleft Licenses.

## **ARTICLE VIII SELLER'S AND PURCHASER'S COVENANTS AND AGREEMENTS**

Section 8.1 Conduct of Business. Except as otherwise expressly contemplated by this Agreement or with the prior written consent of Purchaser or except as described on Schedule 8.1, from the date hereof until the Closing Date, each Seller shall use, and shall cause the other Business Entities to (i) use, commercially reasonable efforts to preserve the Purchased Assets and (ii) operate the Business in the Ordinary Course of Business. Without limiting the generality of the foregoing, each Seller shall, and shall cause the other Business Entities to, other than in the Ordinary Course of Business, as required by law or with Purchaser's written consent, refrain from doing any of the following in respect of the Purchased Assets: (a) disposing of or transferring any Purchased Asset and Business Employees, (b) transferring any tangible Purchased Asset to any other location to the extent that such other location is not otherwise part of the Purchased Assets, or (c) except as otherwise provided or required in this Agreement, terminating, amending or modifying the material terms of any of the Assumed Contracts; provided, however, notwithstanding anything to the contrary in the preceding sentence, each Seller may, in its reasonable discretion, take such actions in connection with or as a result of the consequences (adverse or otherwise) of filing the Bankruptcy Case.

Section 8.2 Mutual Covenants. The parties hereto mutually covenant (subject to the other terms of this Agreement):

(a) from the date of this Agreement to the Closing Date, to cooperate with each other in determining whether filings or notifications are required to be made or consents (including any Required Consents) are required to be obtained in any jurisdiction in connection with the consummation of the transactions contemplated by this Agreement and in making or causing to be made any such filings promptly and in seeking to timely obtain any such consents including any Required Consents (it being understood that each party hereto shall furnish to the other and to the other's counsel all such information as may be reasonably required in order to effectuate the foregoing action) which consents shall not, in any event, include any consent the need for which is obviated by the Sale Order or otherwise by the provisions of the Bankruptcy Code; and

(b) from the date of this Agreement to the Closing Date, to advise the other party promptly if such party determines that any condition precedent to its obligations hereunder shall not be satisfied in a timely manner.

Notwithstanding anything herein to the contrary, no such investigation or examination shall be permitted to the extent that it would require any Business Entity to disclose information subject to attorney-client privilege.

Section 8.4 Public Announcement. No party hereto shall make or issue, or cause to be made or issued, any public announcement or written statement concerning this Agreement or the transactions contemplated hereby without making reasonable and good faith efforts to consult with and seek input from the other party hereto prior to release about the content of any such announcement or statement or unless counsel to such party advises that such announcement or statement is required by law (such as an obligation to disclose under federal securities laws of the United States) (in which case the parties hereto shall make reasonable efforts to consult with each other prior to such required announcement).

Section 8.5 Preservation of Records. From and after the Closing Date, upon request by any Business Entity, Purchaser shall permit Sellers and their representatives to have

reasonable access during normal business hours, and in a manner so as not to interfere unreasonably with the normal business operations of Purchaser, to all premises, properties, personnel, books and records, contracts, and documents of or related to the Purchased Assets or the Assumed Liabilities for the purposes of (a) preparing any Tax Returns or (b) complying with the requirements of, or responding to inquiries by, any Governmental Authority; provided, however, that, for the avoidance of doubt, the foregoing shall not require Purchaser to take any such action if (i) such action may result in a waiver or breach of any attorney/client privilege or conflict with any confidentiality obligations to which Purchaser is bound, or (ii) such action could reasonably be expected to result in violation of applicable Law or court order. Purchaser agrees to maintain the files or records which are contemplated by the first sentence of this Section 8.5 for six (6) years following the Closing Date and with respect to Sizmek Israel for a period of seven (7) years.

Section 8.6 Taxes.

(a) Subject to Section 8.6(b), Sellers shall be responsible for and pay or discharge all Taxes of the Business Entities, and all Taxes in connection with, relating to or arising out of the Business, the Excluded Assets, the Excluded Liabilities or the ownership of the Purchased Assets, or the Assumed Liabilities attributable to taxable periods, or portions thereof, ending before the Closing Date, which Taxes shall be an Excluded Liability.

(b) For purposes of this Agreement, with respect to any Purchased Asset, the Sellers and Purchaser shall apportion the liability for real and personal property Taxes, ad valorem Taxes, and similar Taxes (“Periodic Taxes”) for Straddle Periods applicable to such Purchased Asset in accordance with this Section 8.6(b). The Periodic Taxes described in this Section 8.6(b) shall be apportioned between the Sellers and the Purchaser as of the Closing Date, with the Purchaser liable for that portion of the Periodic Taxes for a Straddle Period equal to the Periodic Taxes for such Straddle Period *multiplied by* a fraction, the numerator of which is the number of days remaining in such Straddle Period after the Closing Date, and the denominator of which is the total number of days in such entire Straddle Period (which portion of such Taxes shall for purposes of this Agreement be deemed an Assumed Liability). The Sellers shall be liable for that portion of the Periodic Taxes for a Straddle Period for which the Purchaser is not liable under the preceding sentence (which portion of such Taxes shall for purposes of this Agreement be deemed an Excluded Liability). The party hereto responsible under applicable Law for paying a Tax described in this Section 8.6(b) shall be responsible for administering the payment of such Tax. To the extent the liability for Periodic Taxes for a certain Straddle Period is not determinable at the time of Closing or such Periodic Taxes are charged in arrears, such Periodic Taxes shall be prorated for such Straddle Period, based on the most recent ascertainable full tax year. For purposes of this Section 8.6(b), the Straddle Period for ad valorem Taxes and real and personal property Taxes shall be the fiscal period for which such Taxes were assessed by the applicable Tax jurisdiction. The Sellers, on the one hand, or the Purchaser, on the other hand, as the case may be (the “Reimbursing Party”), shall promptly provide reimbursement for any Tax paid by the other (the “Paying Party”), all or a portion of which is the responsibility of the Reimbursing Party in accordance with the terms of this Agreement (including this Section 8.6). Within a reasonable time prior to the payment of any such Tax, the Paying Party shall give notice to the Reimbursing Party of the Tax payable and the Paying Party’s and Reimbursing Party’s respective liability therefor, although failure to do so shall not relieve the Reimbursing

Party from its liability hereunder except to the extent the Reimbursing Party is actually prejudiced thereby.

(c) Each of Purchaser, on the one hand, and the Sellers, on the other hand, shall be responsible for and pay for fifty percent (50%) of any sales, use, stamp, documentary stamp, filing, recording, transfer or similar fees or taxes or governmental charges (including any interest and penalty thereon and including, to the extent applicable, the net amount, after taking into account any credits, offsets, or deductions, of any Israeli VAT that, notwithstanding the Sellers' compliance with the terms of this Section 8.6, is subsequently determined to be applicable solely to the sale and purchase of the Company IP to a Purchaser designee that is not an Israeli resident for purposes of Israeli VAT, but excluding, for the avoidance of doubt, any VAT that is payable in Israel or the United Kingdom, to the extent applicable, with respect to the Israeli Purchased Assets and the UK Purchased Assets, respectively, which shall be added to the Purchase Price and paid and borne by the Israeli Assets Purchaser and the UK Assets Purchaser, respectively, as mentioned in Section 3.1(b) and the last sentence of this Section 8.6(c) payable in connection with the transactions contemplated by this Agreement ("Transfer Taxes"). To the extent that any Transfer Taxes are required to be paid by Purchaser, on the one hand, and the Sellers, on the other hand (or such Transfer Taxes are assessed against a such party), the other party or parties shall promptly reimburse the first party or parties, in cash, as applicable, for fifty percent (50%) of such Transfer Taxes. Sellers and Purchaser shall cooperate and consult with each other prior to filing any Tax Returns in respect of Transfer Taxes. Sellers and Purchaser shall cooperate and otherwise take commercially reasonable efforts to obtain any available refunds for Transfer Taxes. For the removal of doubt, any VAT that is payable in Israel or the United Kingdom with respect to the Israeli Purchased Assets and the UK Purchased Assets, to the extent applicable, shall be added to the Purchase Price and be paid and borne by the Israeli Assets Purchaser and the UK Assets Purchaser, to Sizmek Israel or Sizmek UK, as applicable, provided that such Israeli Assets Purchaser and UK Assets Purchaser has received a valid Israeli or United Kingdom VAT tax invoice, as applicable, in form, substance and amount reasonably satisfactory to Israeli Assets Purchaser or UK Assets Purchaser, as applicable, on or before the Closing Date and such additional payment shall be equal to the VAT designated in such valid value added tax invoice.

(d) The Sellers and Purchaser shall (i) provide such assistance as may reasonably be requested by either of them in connection with the preparation of any Tax Return, any audit or other examination by any taxing authority or any judicial or administrative proceeding with respect to Taxes, (ii) retain and provide the other with any records or other information which may be relevant to such return, audit, examination or proceeding, and (iii) provide the other with any final determination of any such audit or examination proceeding or determination that affects any amount required to be shown on any Tax Return of the other for any period (which shall be maintained confidentially); provided, however, that notwithstanding anything to the contrary herein, neither Purchaser nor any of its Affiliates shall be required to provide any Tax information that it regards as privileged or confidential, including any Tax Return of Purchaser or any of its Affiliates.

(e) The parties shall (i) for purposes of taxes imposed under the United States Federal Unemployment Tax Act and the United States Federal Insurance Contributions Act, treat the Purchaser as a "successor employer" and the applicable Seller as a "predecessor," within the

meaning of Sections 3121(a)(1) and 3306(b)(1) of the Code, with respect to any employees of the Sellers who become employees of Purchaser (including the Transferred Employees) and (ii) implement the alternate procedure described in Section 5 of Revenue Procedure 2004-53 (provided that at or prior to Closing, Sellers have provided to Purchaser all information reasonably necessary to implement such alternative procedure), in each case, to the extent applicable.

(f) Purchaser or its withholding agent shall be entitled to deduct and withhold from the Purchase Price and any other payments contemplated by this Agreement such amounts as are required to be deducted and withheld with respect to the making of such payment under any provision of Law, including under the Ordinance and any other applicable legal requirements or pursuant to applicable judgments, decrees, injunctions, or orders. To the extent that amounts are withheld pursuant to this Section 8.6(f), such amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of whom such deduction and withholding were made. At or prior to the Closing, and at such time thereafter as reasonably requested by Purchaser, the Sellers shall provide Purchaser any certificates or forms, as applicable, reasonably required to allow Purchaser to meet any withholding and information reporting obligations under applicable Law. Provided, however, that in the event a Seller or Business Entity provides a valid certificate of exemption from withholding for an applicable jurisdiction, the Purchaser shall not deduct, withhold and remit (or cause to be deducted, withheld and remitted) any Taxes pursuant to such applicable Tax Law in compliance and conformity with such withholding exemption certificate; provided that, with respect to Israeli Taxes, if the Sellers provide to Purchaser at least five (5) business days prior to the Closing, a Valid Withholding Certificate issued by the ITA, in form and substance a reasonably acceptable to Purchaser (including, without limitations, a valid exemption from withholding with respect to “Services and Assets” which shall be deemed acceptable in form and substance to Purchaser provided that such certificate shall not be valid for transfers outside Israel or for payments not made in cash) (or a reduced withholding certificate, in which case the Tax withholding shall be made in accordance with such reduced withholding certificate), Purchaser shall act in accordance with the provisions of such valid tax certificate. Purchaser and Sellers represent that, to their knowledge, no withholding taxes apply to the Purchase Price and any other payments contemplated by this Agreement.

(g) The Sellers, as applicable, shall issue a valid Israeli VAT invoice designating zero-rate VAT with respect to the sale of Company IP provided that the Purchaser or the Purchaser designee purchasing Company IP is not an Israeli resident for Israeli VAT purposes. Purchaser shall not be required to bear the cost of any Israeli VAT with respect to Company IP unless the Sellers comply with this Section 8.6(g).

(h) The Sellers shall comply with all applicable requirements to qualify for a zero-rate VAT in connection with the sale of the Company IP, including without limitation, the requirements of Section 12 of the Israeli VAT Regulations of 1976, and with respect to tangible assets exported out of Israel (if any), shall obtain a valid Export Entry (רשימת יצוא) from a customs agent in compliance with all legal requirements prior to such export.

Section 8.7 Good Faith Efforts. Without limiting the specific obligations of any party hereto under any covenant or agreement hereunder, each party hereto shall, and shall cause its

Affiliates to, use its good faith efforts to take all action and do all things necessary to consummate the transactions contemplated in this Agreement as soon as reasonably practicable; provided, however, that (a) no party hereto or its Affiliates shall be required to make any concessions that would adversely affect its business or be materially more burdensome to such party (including to amend any contract to increase the amount payable thereunder, commence any litigation, settle or compromise any matter, offer or grant any accommodation (financial or otherwise) to any third party or Governmental Authority, pay any amount or bear any other incremental economic burden to obtain any consent or order or to effect the assignment or transfer of a Purchased Asset), (b) no party hereto or its Affiliates shall incur any expense that would be payable or otherwise borne by another party hereto or such other party's Affiliates without the consent of such other party, (c) Sellers shall not, and shall cause each of the other Business Entities to not, make any concessions that would purport to bind the Business from and after the Closing or be an Assumed Liability and (d) Purchaser shall not make any concessions that would purport to bind any Seller or any of their Affiliates (the conditions set forth in the foregoing clauses (a) – (d), the “Efforts Conditions”).

#### Section 8.8 Employees.

(a) Subject to and in accordance with the provisions of this Section 8.8 and applicable law, Purchaser shall, or shall cause one of its Affiliates to, effective upon the Closing, offer employment to certain Business Employees who are employed by the Business Entities or their Affiliates as of the Closing, identified in writing by Purchaser to Sellers any time on or before one (1) business day prior to the Closing Date; provided that such list shall include no less (but may include more) than the lesser of (i) 400 of the then Business Employees and (ii) 75% of the then Business Employees. Employees who accept such offers or whose employment otherwise transfers by operation of Law and become either full-time or part-time employees of Purchaser, or its Affiliate, upon the Closing (or thereafter consistent with applicable Law) are hereinafter referred to as “Transferred Employees.”

(b) Sellers shall, and shall cause each of the other applicable Business Entities or other Affiliates to, (i) use reasonable commercial efforts to assist Purchaser in securing the employment of the employees and (ii) pay such Business Employees all amounts that are or become owing, up to and including the Closing (including, for the avoidance of doubt, all wages, bonuses, commissions, accrued vacation, and other amounts that become owing to any Business Employee due to the termination of such Business Employee's employment with any Seller, Business Entity or other Affiliate effective upon Closing), as such amounts become due. The parties acknowledge that Business Employees in Italy and Israel shall not be transferring by operation of Law.

(c) With respect to those Transferred Employees that Sellers and Purchaser mutually agree will have their employment transfer by operation of Law, each Seller agrees, with respect to itself and the other Business Entities, that it shall use its commercially reasonable efforts to (i) up to and including the Closing, comply with all of its material obligations and those of any of its predecessors (whether or not legally binding or in respect of which it would be expected to comply by any regulatory or other body to which it is subject) due to or in connection with such Transferred Employees (or any of such obligations such Seller would have had under or in connection with such contracts but for their transfer under applicable Law);

(ii) provide to Purchaser such information as Purchaser may reasonably request in writing in order to verify such compliance; (iii) not alter (whether to take effect before, on or after the Closing) any of the material terms of employment or engagement of any of such Transferred Employees (without the prior written consent of Purchaser); (iv) not terminate or take any steps to terminate (constructively or otherwise) the employment of any of such Transferred Employees (without the prior written consent of Purchaser which shall not be unreasonably withheld), other than terminations for cause; (v) not employ, engage, or transfer any person who is not a Business Employee to work in the Business (without the prior written consent of Purchaser which shall not be unreasonably withheld); (vi) comply in all material respects with its obligations under applicable Law that derive from the Acquired Rights Directive 77/187/EC (as subsequently amended by the Transfers of Undertakings Directive 2001/23/EC) and provide Purchaser with such information as it reasonably requires in order to comply with its own such obligations; and (vii) subject to any requirements under the Data Protection Act 2018, facilitate an orderly transfer of the employment (and records relating to employment) of such Transferred Employees and will cooperate with Purchaser in relation to any reasonable requests that Purchaser may make to meet or communicate with Business Employees prior to the Closing in order to discuss the proposed transfer of employment to Purchaser; provided that prior to such meeting or communication, the nature and scope of such meeting or communication must be approved by the Sellers, which approval shall not be unreasonably withheld and shall be deemed given if Sellers have not responded within one (1) business day of being provided written notice thereof. Notwithstanding the transfer by operation of Law of the Transferred Employees described in this Section 8.8(c), the aggregate amount of all Liabilities (including wages, bonuses, commissions, and vacation) relating to the employment of such Transferred Employees that accrue before Closing shall either be paid by the Sellers prior to the Closing or deducted from the Purchase Price, and, at least five (5) days prior to the Closing, Sellers shall certify to Purchaser in writing (1) the total amount of all such Liabilities as of the Closing and (2) the amount of such Liabilities that shall remain unpaid at the Closing and be deducted from the Purchase Price, but not, for the avoidance of doubt, severance, redundancy pay or other termination related liabilities that have not and do not become due as of the Closing (the “Outstanding Accrued Employee Liabilities”). Notwithstanding anything contained in this Agreement, Purchaser or its Affiliates shall be solely responsible for any Liabilities arising as a result of the termination of employment of any Transferred Employee at any time after the Closing.

(d) No less than 30 days prior to the date on which a Seller or any other Business Entity ceases to sponsor any group health plan applicable to U.S. employees, Sellers shall provide to Purchaser (i) written notice of their intention thereof and (ii) information regarding “M&A qualified beneficiaries” (as defined under COBRA) sufficient to permit Purchaser and its Affiliates to comply with any applicable COBRA obligations.

Section 8.9 Further Assurances. From time to time after the Closing and without further consideration, Purchaser and each Seller, at the request of the other party, shall, and shall cause their respective Affiliates to, execute and deliver such other instruments of conveyance and transfer or other instruments or documents and take or arrange for such other actions, as may reasonably be required to effect any of the transactions contemplated by this Agreement or to provide any party hereto with the benefits intended to be conferred and conveyed by this Agreement; provided that, notwithstanding anything to the contrary in this Section 8.9 or any other provision of this Agreement, neither Purchaser nor any Seller nor their respective Affiliates

shall be required to execute any document or take any action that would (i) increase the liability or obligation of the party of whom such document or action is requested beyond that which such party would have pursuant to the other provisions of this Agreement, (ii) require or cause the party of whom such action or document is requested to initiate, join in or otherwise become a party to any Legal Proceeding, or (iii) cause such party to incur any material cost or expense that is not already imposed upon it by another provision of this Agreement.

For the avoidance of doubt, any Confidential Information relating to Excluded Assets that ends up in the possession of Purchaser (for example, information on laptops which are included in the Purchased Assets) shall not be Deemed Purchaser Confidential Information and shall be subject to the applicable provisions of the NDA.

Section 8.11 Survival of Representations and Warranties. None of the representations and warranties of Sellers or Purchaser contained in this Agreement or made in any other documents or instruments delivered pursuant to this Agreement shall survive the Closing hereunder.

Section 8.13 Acknowledgement. Purchaser hereby acknowledges that the Sellers and their Affiliates are intending to wind up after the Closing in connection with the Bankruptcy Case and other wind up procedures under the laws of the respective jurisdictions of organization. The parties hereby acknowledge and agree that any wind-up procedures (and the timing thereof) shall be subject to the provisions of this Agreement and the Transition Services Agreement and will vary from jurisdiction to jurisdiction. Due to such wind-up procedures, Purchaser acknowledges that any recourse shall be limited.

Section 8.14 Solvency. Section 8.15 US Bankruptcy Court Approval.

(a) Entry of Order Approving Sale.

(i) Debtors shall use their reasonable best efforts to obtain entry of the Sale Order on a date not later than June 20, 2019.

(ii) In the event that the Bankruptcy Court enters an order approving an Acquisition Proposal submitted by a party other than Purchaser either (i) prior to the termination of this Agreement, (ii) within thirty (30) days after the termination of this Agreement by Purchaser pursuant to Sections 11.2(b) or (iii) within ninety (90) days after the termination of this Agreement by Sellers or Purchaser pursuant to Section 11.2(d) then no later than the closing of the sale of any Purchased Assets to a third party, Sellers, jointly and severally, shall be obligated to pay to Purchaser from the proceeds of such sale a breakup fee in an amount of Nine Hundred Thousand U.S. Dollars (\$900,000).

(iii) Sellers shall provide notice to Purchaser of any hearing on the motion to approve the Sale Order or any other matter before the Bankruptcy Court relating to this Agreement or the Transaction Documents, in each case as required by the Bankruptcy Code, the Federal Rules of Bankruptcy Procedure and the Local Bankruptcy Rules for the Southern District of New York or as otherwise ordered by the Bankruptcy Court.

(iv) Purchaser shall take such actions as are reasonably requested by Sellers to assist in obtaining entry by the Bankruptcy Court of the Sale Order, including furnishing affidavits or other documents or information for filing with the Bankruptcy Court for purposes, among others, of: (i) demonstrating that Purchaser is a “good faith” purchaser; and

(ii) establishing “adequate assurance of future performance” within the meaning of section 365 of the Bankruptcy Code.

(b) Certain Bankruptcy Undertakings by Debtors and Purchaser.

(i) On or before the date that is two business days after the date hereof, Debtors shall file the Sale Motion. Except as ordered by the Bankruptcy Court or to the extent each Seller’s board of directors or equivalent governing body reasonably determines in good faith, in consultation with outside counsel, that taking such action, or refraining from taking such action, as applicable, is required to comply with applicable law or its fiduciary obligations under applicable law, Sellers shall neither take any action, nor fail to take any action, which action or failure to act would reasonably be expected to (A) prevent or impede the consummation of the Transaction in accordance with the terms of this Agreement, or (B) result in (I) the reversal, avoidance, revocation, vacating or modification (in any manner that would reasonably be expected to materially and adversely affect Purchaser’s rights hereunder) of the Sale Order, or (II) the entry of a stay pending appeal. Furthermore, Purchaser shall neither take any action, nor fail to take any action, which action or failure to act would reasonably be expected to prevent or impede the consummation of the transactions contemplated by this Agreement in accordance with the terms of this Agreement.

(ii) If the Sale Order or any other order of the Bankruptcy Court relating to this Agreement shall be appealed by any Person (or a petition for certiorari or motion for rehearing or reargument shall be filed with respect thereto), Debtors, with the cooperation and support of Purchaser, shall take all steps as may be reasonable and appropriate to defend against such appeal, petition or motion, and shall endeavor to obtain an expedited resolution of such appeal.

Section 8.16 No Shop. Sellers shall not, and shall not authorize or permit any of their Affiliates (including any of the other Business Entities) or any of its or their representatives to, directly or indirectly, encourage, solicit, initiate, or facilitate any inquiries regarding an Acquisition Proposal. For purposes hereof, “Acquisition Proposal” shall mean any inquiry, proposal or offer from any Person (other than Purchaser or any of its Affiliates) concerning (i) a merger, consolidation, recapitalization, share exchange or other business combination transaction involving any of the Business Entities; (ii) the issuance or acquisition of shares of capital stock or other equity securities of any of the Business Entities; or (iii) the sale, lease, exchange or other disposition of the Purchased Assets or assets related to the Business. Notwithstanding the forgoing, the Sellers may solicit, initiate and facilitate inquiries regarding solely the Peer 39 Business (and not the Business) and this Section 8.16 shall not be construed as preventing them from doing so.

Section 8.17 Transition Services Agreement.

(a) Purchaser and the Sellers shall each use their commercially reasonable efforts to enter into a transition services agreement, effective upon the Closing, with respect to the provision of certain transition services between Purchaser and the Business Entities after Closing, in form and substance reasonably satisfactory to Purchaser and the Sellers (the “Transition Services Agreement”). The Transition Services Agreement shall provide that, with

respect to services provided by the Business Entities after Closing, (a) Purchaser and its Affiliates are entitled to utilize such services for a period of up to sixteen (16) weeks (which period may be extended by Purchaser with respect to a particular service or services with the Sellers' consent (not to be unreasonably withheld)) (provided that, with respect to services in Serbia, a period longer than 16 weeks shall be agreed), (b) such services shall include services relating to human resources (including continuing to employ and facilitating the transfer of any Transferred Employees who cannot be transferred immediately at the Closing), payroll, finance (including maintaining the existence of the Business Entities and their respective bank accounts as of the date hereof), tax and treasury, technology infrastructure and applications (including with respect to Peer 39 add-ons to ad server capabilities), facilities, and customer and vendor contracts, and other services required to manage and operate the Business as presently conducted (including subcontracting and other arrangements contemplated by Section 2.4(b)), as well as related support services (taking into account the limited nature of the Sellers' operations and the limited employees they expect to have after the Closing and after the sale of the Peer 39 Business) (provided that, with respect to the Serbia office of Sellers, such services shall include office operations, retention of office space and employment of employees, until such operations and employees can be transferred to Purchaser or a third party at Purchaser's direction), (c) such services shall be provided at a level at least equivalent to those currently provided by, or with respect to, the Business immediately prior to entry into this Agreement (taking into account the limited nature of the Sellers' operations and the limited employees they expect to have after the Closing and after the sale of the Peer 39 Business), and (d) such services shall be provided for a fee equal to one hundred and ten percent (110%) of cost to Sellers. Israeli and United Kingdom VAT shall be added to and paid for all transition services to the extent required by applicable law.

(b) The Transition Services Agreement shall also provide that the Purchaser shall reasonably cooperate with the Sellers to enable the separation and independent operation of the Peer 39 Business from the Business and to enable the winding up of Sellers and their subsidiaries, provided that the provision of such services does not negatively impact the Business. The Transition Services Agreement shall allow for the assignment of services with respect to the Peer 39 Business to the buyer of the Peer 39 Business, provided that such buyer does not compete with the Business and/or Purchaser and/or its Affiliates, and provision of such services will not compromise relevant data and security requirements of Purchaser.

#### Section 8.18 Additional Covenants.

(a) For a period of eighteen (18) months from the Closing Date, Parent shall not, and shall cause each of its Affiliates not to, take any enforcement action or exercise any enforcement rights with respect to the Amended and Restated Promissory Note dated October 27, 2016 (the "Intercompany Note") or any other obligations owed by Sizmek Israel to Parent or any of Parent's Affiliates in a manner that is reasonably likely to cause the commencement of insolvency proceedings of Sizmek Israel or put it in a position that it is unable to pay its debts and obligations as they become due. In the event that an insolvency proceeding is commenced against Sizmek Israel or any of its direct or indirect subsidiaries (other than any such insolvency proceeding that is commenced by Purchaser or any of its Affiliates), each Seller shall, and shall cause its Affiliates to, (i) notify Purchaser as promptly as practicable of the commencement of such insolvency proceeding, (ii) keep Purchaser reasonably informed of the status and progress

of any such insolvency proceeding, and (iii) not take any action with respect to any such insolvency proceeding that is reasonably likely to adversely impact Purchaser without the prior written consent of Purchaser.

(b) Each Seller shall, and shall cause each of its Affiliates to, take no action, directly or indirectly, to avoid the Transaction.

(c) Each Seller agrees that all intercompany debt, including the Intercompany Note, shall be subordinated to any and all liabilities or monetary obligations of Sizmek Israel to (i) any unaffiliated third party (such third parties, including, for the avoidance of doubt, Amazon Web Services and any employees, the “Third-Party Creditors”) and (ii) Purchaser with respect to claims that are asserted by Purchaser with respect to the Transaction.

(d) In the event of an insolvency proceeding against Sizmek Israel commenced in violation of Section 8.18(a) or with respect to any claims that are asserted by Purchaser with respect to the Transaction, then in the event Parent shall receive any distribution of funds from Sizmek Israel pursuant to any insolvency proceeding, Parent shall hold such distribution in trust to satisfy any Purchaser claims against Sellers for breach of Section 8.18(a) or with respect to claims that are asserted by Purchaser with respect to the Transaction, with such obligation to hold funds in trust surviving until the later of (i) twelve (12) months from the date of such distribution and (ii) the resolution of any such claims asserted by Purchaser so long as such claims were made within such twelve (12) month period.

(e) Each Seller shall, and shall cause its Affiliates to, take all actions necessary to cause Sizmek Israel and Sizmek UK to satisfy all monetary obligations to all Third-Party Creditors and third-party creditors of Sizmek UK as they become due and shall promptly notify Purchaser of all claims by such creditors.

(f) Sizmek Israel shall, and Parent shall cause Sizmek Israel to, maintain a reserve of no less than One Million Dollars (\$1,000,000) in excess of the aggregate amounts necessary to pay Third-Party Creditors and third-party creditors of Sizmek UK known as of the Closing Date until such time as Sizmek Israel and Sizmek UK are wound up; provided, however, that such reserve amount shall be available to pay the costs and expenses of such winding up and to satisfy claims of Third-Party Creditors who are unknown as of the Closing Date but assert claims thereafter.

(g) Sellers shall cause PwC to prepare and deliver to Sellers and Purchaser the PwC Report as promptly as practical but no later than five (5) business days prior to the Closing Date.

## **ARTICLE IX**

### **CONDITIONS PRECEDENT TO PURCHASER’S OBLIGATION TO CLOSE**

The obligation of Purchaser under this Agreement with respect to the purchase and sale of the Purchased Assets shall be subject to the fulfillment on or prior to the Closing of each of the following conditions, any of which may be waived in writing by Purchaser:

Section 9.1 Accuracy of Representations and Warranties; Performance of this Agreement. Each of the representations and warranties made by each Seller shall be true and correct on and as of the Effective Date (unless such representation or warranty is given as of a particular date in which case such representation or warranty shall be considered only as of such particular date) and at and as of the Closing Date, except, in the case of the representations and warranties that are not Specified Representations, for any failure to be so true and correct that, individually or in the aggregate, has not had and would not reasonably be expected to have a Material Adverse Effect. Each Seller shall have complied with and performed in all material respects all of the agreements and covenants required by this Agreement and each other Transaction Document to be performed or complied with by it on or prior to the Closing.

Section 9.2 Officer's Certificate. Sellers shall have delivered to Purchaser a certificate executed by an executive officer of each Seller (including incumbency certificates) as Purchaser may reasonably request in order to evidence compliance with the conditions set forth in Section 9.1.

Section 9.3 Bill of Sale; Assumption Agreement; Intellectual Property Assignment Agreement. Each Seller shall have delivered to Purchaser an executed Bill of Sale, Assumption Agreement and Intellectual Property Assignment Agreement, as applicable, pursuant to Section 4.1 and Section 4.2 hereof.

Section 9.4 No Material Adverse Effect. Since the date of this Agreement, there shall have been no Material Adverse Effect on the Purchased Assets or the Business.

Section 9.5 Compliance with Laws; Legal Proceedings. The consummation of the Transaction shall be legally permitted by all Laws to which any party hereto is subject. No order of any Governmental Authority shall be in effect that enjoins, restrains, conditions or prohibits consummation of the Transaction and no litigation, investigation or administrative proceeding shall be pending or threatened that would enjoin, restrain, condition or prevent consummation of the Transaction.

Section 9.6 Transition Services Agreement. Purchaser and Sellers shall have entered into the Transition Services Agreement.

Section 9.7 Bankruptcy Matters. The Sale Order shall have been entered by the Bankruptcy Court. Such order must be in effect and must not have been reversed or stayed or modified in any material respect.

Section 9.8 Opinions. Sellers shall have delivered the following to Purchaser, each in a form reasonably satisfactory to Purchaser:

(a) an opinion from FTI Capital Advisors, LLC or a Person otherwise reasonably acceptable to Purchaser stating that (i) (A) the consideration offered and paid by Purchaser in the Transaction is fair, from a financial point of view, and (B) the Purchase Price under this Agreement for a standalone sale of the Business is higher than the purchase price for the Business reflected in the final offers from other bidders (based on an allocation of purchase price to the Business that is consistent with the PwC Report) for the acquisition of the Business

together with other businesses of the Sellers, including the Peer 39 Business, and (ii) no offers were received for the assets of Sizmek Israel on a stand-alone basis;

(b) an opinion of Sizmek Israel's Israeli counsel that the Transaction has been duly approved by all corporate action on the part of Sizmek Israel; and

(c) an opinion of Sizmek Israel's Israeli counsel that Sizmek Israel should not incur cancellation of indebtedness income by virtue of the Intercompany Claims remaining outstanding or in connection with the dissolution of Sizmek Israel.

Section 9.9 First Lien Agent. Purchaser shall have received a written agreement, within five (5) days of the date hereof, from First Lien Agent, in a form reasonably acceptable to Sellers, Purchaser, and the First Lien Agent, that the First Lien Agent (i) shall comply with and be bound by the obligations of Parent and Sellers set forth in Section 8.18(a), Section 8.18(b), Section 8.18(c) and Section 8.18(d), (ii) shall leave in the Sellers all amounts that the Sellers are required to pay over to Purchaser after the Closing under the terms hereof or under the Transition Services Agreement, (iii) consents to the Transaction and the terms hereof, and (iv) agrees not to credit bid for the Purchased Assets in opposition to the Transaction.

Section 9.10 Additional Closing Conditions. The additional conditions precedent set forth on Schedule 9.10 shall have been satisfied.

## **ARTICLE X CONDITIONS PRECEDENT TO SELLER'S OBLIGATION TO CLOSE**

The obligations of Sellers under this Agreement with respect to the purchase and sale of the Purchased Assets shall be subject to the fulfillment on or prior to the Closing of each of the following conditions, any of which may be waived in writing by the Sellers:

Section 10.1 Accuracy of Representations and Warranties; Performance of this Agreement. Each of the representations and warranties made by Purchaser in this Agreement shall be true and correct on and as of the Effective Date (unless such representation or warranty is given as of a particular date in which case such representation or warranty shall be considered only as of such particular date) and at and as of the Closing Date, except for any failure to be so true and correct that, individually or in the aggregate, has not had and would not reasonably be expected to have a Material Adverse Effect on the ability of Purchaser to timely consummate the transactions contemplated hereunder (including payment or undertaking the Purchase Price and any other cash payments, fees or expenses contemplated hereby). Purchaser shall have complied with and performed in all material respects all of the agreements and covenants required by this Agreement and each other Transaction Document to be performed or complied with by it on or prior to the Closing.

Section 10.2 Officer's Certificate. Purchaser shall have delivered to Sellers a certificate executed by an executive officer of Purchaser (including incumbency certificates) as Sellers may reasonably request in order to evidence compliance with the conditions set forth in Section 10.1.

Section 10.3 Assumption Agreement. Purchaser shall have delivered to Seller an executed Assumption Agreement pursuant to Section 4.2 hereof.

Section 10.4 Bankruptcy Matters. The Sale Order shall have been entered by the Bankruptcy Court. Such order must be in effect and must not have been reversed or stayed or modified in any material respect.

Section 10.5 Closing Cash Payment. Purchaser shall have delivered to the applicable Sellers (or their designee(s)) an amount equal to the Closing Cash Payment in accordance with Section 3.1(b).

## **ARTICLE XI TERMINATION**

Section 11.1 Breaches and Defaults; Opportunity to Cure. Prior to the exercise by a party of any termination rights afforded under Section 11.2(b)(i) or Section 11.2(c)(i) of this Agreement, if any party (the “Non-Breaching Party”) believes any other party (the “Breaching Party”) to be in breach hereunder, the Non-Breaching Party shall provide the Breaching Party with written notice specifying in reasonable detail the nature of such breach, whereupon if such breach is curable the Breaching Party shall have five (5) calendar days from the receipt of such notice to cure such breach to the reasonable satisfaction of the Non-Breaching Party. If the breach is not cured within such time period, then the Non-Breaching Party’s sole remedy shall be to terminate this Agreement if the breach is such that the condition set forth in Section 9.1 or Section 10.1, as applicable, shall not be satisfied (as provided in Section 11.2); provided, however, that the Non-Breaching Party shall not be entitled to terminate this Agreement if it is in material breach of this Agreement.

Section 11.2 Termination. This Agreement may be terminated and the transactions contemplated herein may be abandoned, by written notice given to the other party hereto, at any time prior to the Closing:

- (a) by mutual written consent of Sellers and Purchaser;
- (b) (i) subject to the right to cure set forth in Section 11.1, at any time prior to the Closing Date, by Purchaser if any Seller is in breach of any covenant, representation, undertaking or warranty such that the condition set forth in Section 9.1 shall not be satisfied, and Purchaser has not waived such condition in writing on or before the Closing Date or (ii) by Purchaser, if all of the conditions set forth in Article IX and Article X have been satisfied (other than conditions that by their nature are to be satisfied at the Closing) or waived and Sellers fail to consummate the Closing as required herein;
- (c) (i) subject to the right to cure set forth in Section 11.1, at any time prior to the Closing Date, by Sellers if Purchaser is in breach of any covenant, representation or warranty such that the condition set forth in Section 10.1 shall not be satisfied, and Sellers have not waived such condition in writing on or before the Closing Date or (ii) by Sellers, if all of the conditions set forth in Article IX and Article X have been satisfied (other than conditions that by their nature are to be satisfied at the Closing) or waived and Purchaser fails to consummate the Closing as required herein;
- (d) at or prior to the Bankruptcy Court hearing regarding approval of this Agreement, by either Sellers or Purchaser, if the Bankruptcy Court enters an order approving an

offer to purchase all or substantially all of the Purchased Assets of the Debtors submitted by a party other than Purchaser or enters an order confirming a plan of reorganization of Debtors (other than a plan under which Purchaser acquires the Purchased Assets on or before the Closing Date); and

(e) by Sellers or Purchaser if the Bankruptcy Court has not entered an order approving the Sale Motion on or before June 20, 2019 or if the Closing shall not have occurred on or before July 1, 2019, unless the failure to have the Closing shall be due to the failure of the party seeking to terminate this Agreement to perform in any material respect its obligations under this Agreement required to be performed by it or them at or prior to the Closing.

Section 11.3 Effect of Termination. In the event of termination of this Agreement pursuant to Section 11.2, this Agreement shall become null and void and, subject to Section 3.2 and Section 8.15(a)(ii) there shall be no liability on the part of any party hereto or any of its partners, officers, directors or shareholders; provided that no termination shall relieve Purchaser or any Seller, as applicable, from any liability for damages (including damages based on the loss of the economic benefits of the transactions contemplated by this Agreement, including the Closing Cash Payment, to the Sellers), losses, costs or expenses (including reasonable legal fees and expenses) resulting from any breach of this Agreement prior to the date of such termination (which, for the avoidance of doubt, shall be deemed to include any failure by Purchaser or Sellers to consummate the Closing if and when it is obligated to do so hereunder); provided further that, in no circumstances, shall Purchaser or any of its Affiliates have any liability to Sellers, the Business Entities, or any of their respective Affiliates for any amount in excess of the amount of the Closing Cash Payment and no party shall be liable for consequential or incidental damages.

Section 12.3 Governing Law; Jurisdiction; Waiver of Jury Trial. This Agreement shall be governed by and construed in accordance with the laws of the State of New York (without application of principles of conflict of laws). In connection with any controversy arising out of or related to this Agreement, each Seller and Purchaser hereby irrevocably consents to the exclusive jurisdiction of the Bankruptcy Court, or if, and only if, the Bankruptcy Court declines or may not accept jurisdiction over a particular matter, the United States District Court for the Southern District of New York, or if, and only if, the United States District Court for the Southern District of New York declines or may not accept jurisdiction over a particular matter, the courts of the State of New York. Purchaser shall not have the right to assign any of its rights under this Agreement or delegate any performance of its obligations under this Agreement without the prior written consent of Sellers and the First Lien Agent; provided that, Purchaser shall be permitted to assign its rights under this Agreement to Purchaser's Affiliates without such prior written consent; provided further, that in the event of such assignment the Purchaser shall continue to be jointly and severally liable with the Affiliate assignee for its duties and obligations under this Agreement. Sellers shall not have the right to assign any of their rights under this Agreement or delegate any performance of their obligations under this Agreement without the prior written consent of Purchaser and the First Lien Agent.

Section 12.5 Successors and Assigns. All agreements made and entered into in connection with this Transaction shall be binding upon and inure to the benefit of the parties hereto, their successors and permitted assigns.

Section 12.6 Amendments; Waivers. No alteration, modification or change of this Agreement shall be valid except by an agreement in writing executed by the parties hereto, and no alteration, modification or change of this Agreement that adversely affects the First Lien Agent (including in its capacity as a secured creditor) shall be valid except by an agreement in writing executed by the parties hereto and the First Lien Agent. Except as otherwise expressly set forth herein, no failure or delay by any party hereto or the First Lien Agent in exercising any right, power or privilege hereunder (and no course of dealing between or among any of the parties hereto) shall operate as a waiver of any such right, power or privilege. No waiver of any default on any one occasion shall constitute a waiver of any subsequent or other default. No single or partial exercise of any such right, power or privilege shall preclude the further or full exercise thereof.

Section 12.7 Entire Agreement. This Agreement (including the Exhibits and Disclosure Schedules, which are hereby incorporated by reference into and made a part of this Agreement for all purposes), merges all previous negotiations and agreements between the parties hereto, either verbal or written, and constitutes the entire agreement and understanding between the parties hereto with respect to the subject matter of this Agreement.

Section 12.8 Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed shall be an original, but all of which together shall constitute one agreement. Facsimile and/or PDF signatures shall be deemed original signatures.

Section 12.9 Severability. If any provision of this Agreement or the application thereof to any Person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Agreement and the application of such provision to other Persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law, but only as long as the continued validity, legality and enforceability of such provision or application does not materially (a) alter the terms of this Agreement, (b) diminish the benefits of this Agreement or (c) increase the burdens of this Agreement, for any Person. Upon a determination that any term

or other provision is invalid or unenforceable, the parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties hereto to the fullest extent possible.

Section 12.10 Section Headings. The section headings contained in this Agreement are solely for the purpose of reference, are not part of the agreement of the parties hereto and shall not in any way affect the meaning or interpretation of this Agreement.

Nothing herein, expressed or implied, is intended to or shall confer on any Person other than the parties hereto any rights, remedies, obligations or liabilities under or by reason of this Agreement, except the First Lien Agent shall be a third party beneficiary of this Agreement.

Section 12.13 Specific Performance. The parties agree that irreparable damage would occur to the Purchaser and the First Lien Agent (solely with respect to its specific consent or approval rights herein) and that the Purchaser and the First Lien Agent (solely with respect to its specific consent or approval rights herein) would not have any adequate remedy at law in the event that any of the other provisions this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that, Purchaser and the First Lien Agent (solely with respect to its specific consent or approval rights herein) shall be entitled to an injunction or injunctions to prevent breaches or threatened breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement (with respect to the First Lien Agent, solely with respect to its specific consent or approval rights herein) without proof of actual damages or otherwise (and, to the fullest extent permitted by Law, each of the Sellers hereby waives any requirement for the securing or posting of any bond in connection with such remedy), this being in addition to any other remedy to which Purchaser is entitled at law or in equity. Sellers shall not be entitled to any injunction or injunctions to prevent breaches or threatened breaches of this Agreement or to enforce specifically the terms and provisions of this Agreement.

A. Digital Generation, Inc., predecessor to Sizmek Inc., was involved in merger and spinoff transaction(s) which were intended to qualify as IRC §355 transaction(s). This event subjects the shareholders of the Taxpayer and Controlled Corporation involved with the transaction to potential taxation on the gain from this merger or spinoff, but not the corporation/Taxpayer itself. As such, though the Taxpayer did not undergo taxable event in New York City during the 2012-2014 period, the New York City taxing authority has challenged whether the transaction qualifies as an IRC §355 transaction. New York State had similarly challenged the transaction but after responses and supporting materials were submitted, New York State agreed with Sizmek Inc.’s position.

B. Parent is undergoing a sales tax analysis to confirm sale tax compliance in the states in which any Seller conducts business, based on the categories of services provided by each entity in each state, the locations of each entity’s offices and employees, and the number and aggregate dollar amount of the transactions completed by each entity in each state, in each case, for calendar year 2018 (and prior years).

    - 8.1.2. TP studies for the year 2014 for immaterial countries such as: Japan, China, and certain countries in South America. Such studies were implemented by Sizmek Israel in transactions with related parties in the aforementioned countries.
  - 8.2. In September 2017, Sizmek Group acquired Rocket Fuel Inc. However, Sizmek Israel did not update the TP study following the acquisition, and all TP calculations in this respect were based on existing TP studies and internal discussions.

9. **Chief Science Officer Approvals (“CSO”)** – Sizmek Israel received the following approvals from the CSO:
- 9.1. Sizmek Israel received in previous years (the last year is 2015) annual approvals from the CSO to deduct research and development expenses in a single tax year instead of deducting it over a three-year period under section 20 A (a)(1)(a) to the Israeli Tax Ordinance, (New Version), 1961.
  - 9.2. Sizmek Israel received in previous years (the last year is 2016) annual approvals from the CSO regarding reduction of base turnover in accordance to the Law for the Encouragement of Capital Investments Regulations (Reduction of Base Turnover), 2007.
10. **Reportable Tax Positions** – Sizmek Israel makes payments to third parties, which are wired through a foreign bank account (ITA Reportable Tax Position 25/2016). However, this position does not apply to Sizmek Israel as this position does not exceed the threshold stated under the law. Furthermore, the company has a ”Special Company” approval and reviews each payment to third parties in order to examine whether it has to withhold taxes according to the relevant tax treaty or ITA instruction.
